

Truckee PUD Gains Option On Bug Station

By a unanimous vote, the Nevada County Board of Supervisors Tuesday recommended to the California General Services Administration that the Truckee Public Utility District be given first choice to purchase the 2.3 acres of land and improvements at the old quarantine station west of Truckee.

Both the utility district and the Tahoe-Truckee Unified School District had made offers to purchase the property for \$58,000 after it had been declared surplus.

Francis Longo, utility district manager, said the district plans to spend \$10,000 to modernize the structure and convert it into an office. The property adjoins land containing the district's warehouse and equipment depot and is situated near the center of the community served by the agency.

Plans for converting the structure are being formulated and it is hoped, Longo said, the offices can be relocated before the current lease expires next July on the space occupied in downtown Truckee. Longo ad-

ded that the district has been, or will be, granted six months to finance the purchase.

The school district indicated

the property could be used for school bus storage since it is located across old Highway 40 from the school.

Emigrant Way Name Changed To Donner Summit Road

The Nevada County Board of Supervisors disregarded recent action taken by the Truckee-Donner Chamber of Commerce and others in requesting that the name of Emigrant Way, the principal thoroughfare through the business sections of Truckee, be retained, and voted to change it to Donner Summit Road.

The request for a change in name was made several weeks ago and was instituted by residents of the Donner Summit area, 12 miles west of Truckee. The county planning commission proposed that the name be changed only as the route applied to the summit area. The board of supervisors, however, requested that the entire route

of old Highway 40, replaced by Interstate 80 from Truckee to Kingvale, have only a single designation.

Public meetings were called for discussions on the proposition but few attended.

Emigrant Way is signed and indicated on brochures and maps and the chamber of commerce expressed the opinion that Emigrant Way be retained as a name, at least from Truckee to Donner Lake, and from Donner Lake to Kingvale any name proposed by the people affected be adopted.

Whether the chamber of commerce and others opposing the change will let the matter drop remains to be determined.

Four Injured In Accidents On Slippery Interstate 80

Four people, including two Reno nuns, were injured in two separate vehicle accidents on Interstate 80 Saturday morning at 8 a.m.

In the first mishap, Sister Mary Benjamin Boyle, 39, and Sister Cornelius Ryan, 43, suffered serious injuries when the car driven by the former attempted to pass another vehicle, struck an icy strip of pavement, skidded and went over a rocky embankment in the west-bound lane.

Dale S. Thompson, 18, Petaluma and his passenger, John

Munger, 17, of Cotati, Sonoma County, suffered serious injuries 15 minutes later when their car skidded on the icy road and overturned near the same location where the two nuns were hurt.

The California Highway Patrol said both vehicles were traveling too fast for road conditions causing the drivers to lose control.

All the injured were taken to the Tahoe Forest Hospital in Truckee. None was reported in critical condition.

Special Community Service To Celebrate Thanksgiving

A special community Thanksgiving church service with all North Lake Tahoe and Truckee Protestant and Catholic churches participating will be held on Thanksgiving eve, Wednesday, November 27, at Our Lady of the Lake in Kings Beach.

Rev. Ronan Brennan of the Corpus Christi Church in Tahoe City will officiate at the service, which will commence at 8 p.m. Offerings made during the evening will be sent to Church World Service for the organization's relief work in Biafra.

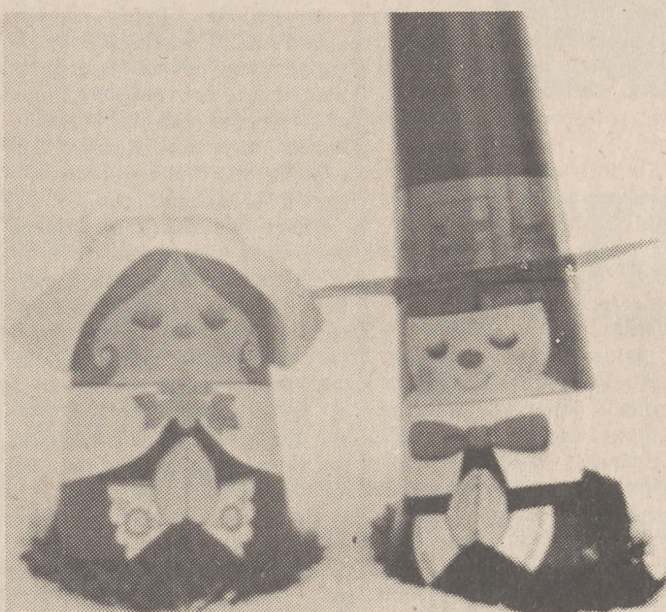

Attending clergymen will include Rev. William Dowling (Lutheran), Rev. James Hutchison (Methodist), Rev. Ralph Howard (Sierra Bible Church), Rev. Ronan Brennan (Catholic), Rev. Allen Blume (United Church of Christ), and the host pastor, Rev. Robert Con-

nolly. Coffee will be served after the service at the Southern Baptist Church across the street from Our Lady of the Lake.

Incline Man Hurt In Wreck

Donald J. Gorton, 28, of Incline Village, was reported critically injured Saturday evening in a collision between his motorcycle and automobile at the intersection of Mt. Rose Highway and State Route 28, near Lake Tahoe. He was taken to Washoe Medical Center for treatment.

The driver of the car, identified as Albert E. Vanetti, of Stockton, Calif., was not reported injured in the accident.

HAPPY THANKSGIVING

Convict Grass Valley Woman In Nevada County Pot Case

Winifred Diane Patterson, 23, of Grass Valley was convicted in Justice Court for being present in a place where marijuana was smoked or used. Judge Verle R. Gray scheduled a probation hearing for Dec. 13 in Nevada City.

Miss Patterson was arrested during the October raid in Nevada County which netted 50 suspects. She was one of 18 picked up at a marijuana party near Grass Valley.

In other proceedings yesterday, Cheri Lee Penn, 18, also of Grass Valley, was transferred to San Mateo County Ju-

venile Court for final disposition of her case, in which she was convicted of five narcotics and drug violations. The transfer was ordered because the youth's mother resides in San Mateo County, officials said.

Leland (OK) Everett Hein, 20, of San Francisco, indicted by the Grand Jury on suspicion of furnishing and giving away marijuana in the Truckee area was assigned to Public Defender William Hager.

ROCKS AWAY! — Cottages fell, rocks were moved and dynamite set last week as bulldozers, wrecking claw, jackhammers, trucks and the crew from Brunzell Construction Co. began clearing to make way for construction of a new addition to Cal Neva Club at Crystal Bay. Owners hope to open the new addition in June when they will open the club which has been closed for the last two years.

Two Miles Of Copper Wire Stolen From Local Sierra Pacific Poles

The federal Bureau of Investigation, state and county officers are joining in an investigation of the theft of 23,000 pounds of copper wire stolen from the Sierra Pacific Power Co. in the Truckee area.

Frank Giovannoni, district manager of the company, said the thieves during recent weeks stripped two miles of wire from poles of a discontinued line just north of Truckee.

One of the lines was "hot," Giovannoni said, and it was apparent that it required a crew of men, some experienced, to accomplish the theft. He said sev-

eral days must have been necessary since the line ran through rugged terrain where heavy equipment was needed to transport the wire.

In some instances, Giovannoni said, the poles were cut off to permit removal of the copper

wire, which is valued at between \$9,000 and \$12,000.

The facility which the line previously served recently was taken over by the Truckee Public Utility District, but Sierra Pacific retained ownership of the wires and poles.

Hunting Wild Turkeys Just Like Olden Days

Last Saturday, California hunters in San Luis Obispo County went back more than 300 years in time to revive a custom, once born of necessity, which now may become a sport.

They took guns in hand for a one-day turkey shoot. And successful ones will grace their Thanksgiving tables with their own bag, a real wild turkey, just as the Pilgrims did when they discovered the colorful bird found in such abundance supplied delicious meat.

There are differences, though. One of the earliest writers, Thomas Morton (1637) speaks of native turkeys found in the virgin forests that lined the shores of the new world.

"Turkeys there are, which divers times in great flocks have sallied by our doores; and then a gunne, being commonly in redness, salutes them with such a courtesie, as makes them take a turne in the Cooke roome. They daunce by the doore so well."

But an abundance of turkeys didn't last long in the Plymouth Rock area some 35 years later. John Josselyn writes "... The English and the Indians having now destroyed the breed, so that 'tis very rare to meet with a wild Turkie in the Woods."

In the latter half of the last century, game hunters and conservationists decided to do something about the scarcity of wild turkey. They trapped and replanted birds in a few areas.

As early as 1908 Fish and Game departments began planting turkeys trapped in Mexico. In 1949 and 1950 the California Fish and Game Department started the San Luis Obispo County wild turkey population which is now estimated at about 5,000.

George Seymour of the California department said this year's hunt was the first ever held.

"It's an experiment. We want to see how landowners react and how the public reacts, too," said Seymour.

"Most of the hunting, in fact about 95 per cent of it, is on

private land and hunters had to get permission to hunt from the landowner."

Chief of Upland Game Bird Program Harold Harper said the department set up six checking stations. He said there were more than 200 hunters and only 29 turkeys were bagged.

"The hunters were very happy with the whole idea," said Harper.

"Most of them saw birds, but turkeys are very hard to get, they're very wise. The largest one weighed in at the checking stations was 20 pounds and we know there are some bigger ones."

"It was a highly successful experiment (the one day hunt). I see no reason for the hunt not to continue and my recommendation will be for a longer season."

Harper is hopeful, too, of opening other areas. He said fish and game technicians are planting "all the birds we can get" and 17 counties from San Diego to Shasta have been stocked. All are reported doing well.

A hopeful note for North eastern California and Western Nevada hunters is the fact that flocks planted around Doyle are doing well.

Another encouragement is a Nevada planting at Little Valley between Mount Rose and Washoe Valley. Gene Christensen of the Nevada Fish and Game department said a small planting there is holding its own. The turkeys come down to winter at a valley ranch when the snows get too heavy.

Like the early settlers in the 1600's, today hunters of "wild turkeys" report they saw plenty of the wily birds — up to 30 or 40 in a flock.

"But they're very clever," said one hunter. "They kept out of sight and range, fading into the brush and timber."

And at least one house wife will be able to say she bagged her own dinner entre as family and guests gather around the Thanksgiving table, Thursday. Of the 213 hunters, three were women and one bagged her own wild turkey.

HUTTE AIRLIFT — Pilot Chris Spangenberg had to do some tall (mountain high) maneuvering Saturday to transport Squaw Valley's new "Gulasch Hutte" from the valley parking lot to the top of the mountain terminal of the new cable car lift, Whirl-Wide Helicopters, Inc. of Fresno was responsible for the tricky job that was hampered by winds. The hutte, made by Mobile Ski Services, had to be divided in half for the ascent. Pilot Spangenberg said he's so intrigued by the view from the helicopter that he has to come up and try out the slopes — on skis.

One Man's Opinion

By CARL BRIGGS

There seems to be with many folks a definite and growing disenchantment with holidays, a troubled feeling that stems largely from gross commercialism and the nervous pressures of high powered promotion. Christmas is still Christmas, of course, a happy family occasion and a meaningful day throughout much of the world, but the weeks preceding it have come to be a dreaded ordeal.

To a lesser extent, Valentine's and Mother's Day suffer from the same promotional ills and sometimes it appears that commercial interests will succeed in making us feel guilty if we don't suitably observe Father's Day, Columbus Day, the Fourth of July, and for all I know St. John's Eve and Knight Rupert's Visiting Day.

No one is to blame for this. We continually let ourselves be talked into "important" frivolities. Merchants have to make a living, of course, and are naturally pleased with holiday business, but they would probably just as soon have it spread around the rest of the year if that could be arranged. Everybody's temper generally wears a little thin by December 25, and understandably so when you've heard Rudolph the Red Nosed Reindeer two dozen times a day for 27 straight days.

Thanksgiving, though, for some reason, has remained relatively free of commercialism and maybe that's why it's a favorite occasion for most of us. We don't have to exchange greeting cards, purchase a gift we can't afford for some relative who doesn't need it, or participate in any particular ritual other than eating turkey, which is a not unpleasant task.

Thanksgiving should be a quiet, happy, relaxed day spent with family and perhaps a few close friends. Reason enough right there to give thanks, but there are other reasons too. We are involved in a war that has become a nightmare, but let's be thankful for the strength to carry on an unpopular fight for principles we believe in and the wisdom to stop when the job is done.

We are beset by revolutionary elements that are disrupting our nation, but let's be thankful for our right to speak out in dissent. We have befuddled our cities, but let's be thankful for the choice of staying there or moving elsewhere.

Our economy suffers from chronic inflation and instability, but let's be thankful we have dollars instead of rubles.

Our politics are a chaotic mess, but let's be thankful we can always change them at the next election.

Our children dismay us, but let's be thankful they are well clothed and fed and educated and that they are possessed with the will to seek a better world.

MATCHBOX CITY — In a prelude to the Christmas season, little Troy Guzman, left, and Alroy Waters inspect a matchbox city that is currently on display at Walker's Toggery in Truckee; boys toys and a Madame Alexander doll for girls were placed in Walker's by Truckee Parent Cooperative Nursery as part of their annual fund raising campaign.

Staff members of the Sierra Sun are dedicated to providing comprehensive news and advertising services to the entire Greater North Lake Tahoe community.

New stories may be telephoned to Carl Briggs at the Truckee editorial office, 587-3553; to Florence Burge at the lake shore, 831-1607; mailed to P. O. Box 248 in Truckee; or delivered in person to the office in the Gateway shopping center. Absolute deadline for news stories is Monday noon, but earlier submission will help to assure accuracy and prompt publication.

Display advertisers may contact Van at the Truckee office, 587-3553 for rates and information.

Classified ads may be submitted by telephone, 587-3553, or delivered in person to the office. Sierra Sun office hours are 9 a.m. to 4 p.m., Monday through Friday. Absolute deadline for all advertising is Monday noon.

County Studies Fire Hydrant And Water System Standards

Tougher standards for fire hydrants and water systems that feed them in new subdivisions may be adopted by Nevada county.

The board of supervisors Tuesday studied regulations proposed by the Nevada County Fire prevention Association, then ordered that they be put into formal legal language.

After that is done, public hearings will be held by the county planning commission which then will recommend final action to the board.

The standards proposed are these:

— Six inch water mains would be the minimum allowed. At present, there are many four-inch mains, which provide less than half the water volume of six-inch mains, fire officials said.

— Mains would have to produce at least 500 gallons of flow per minute. Many now are in the 300 gallon range, it was stated.

— Hydrants could not be located more than 500 feet apart, something which again is not always the case in current development.

— Hydrants could not be more than six feet from the road. A Bullion Fire Department official told of a hydrant at Alta Sierra which is down in a canyon, making it hard to reach and hard to find.

— Hydrants would have to be frost proof. Fire officials and supervisors agreed on the need for this to assure that water

will be available if a house catches fire.

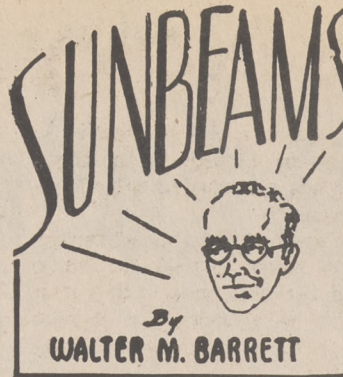

— Each hydrant would be required to have a gate valve between the water main and riser. This would allow repairs without shutting down the entire system.

The supervisors questioned some points, but made no basic changes in the fire association's proposal.

Supervisor Henry Loehr asked what would be done in cases where not enough water is available to provide 500 gallons of flow per minute. Public Works Director Harry Hider replied that this could be corrected by storage tanks.

There was general agreement that some exceptions will have to be made. There are areas, it was noted, which do not have enough flow because they don't have any Nevada Irrigation District supply and depend on wells. In such cases, the hydrants and lines may be required, but the flow requirement may be waived until it is feasible.

There was a debate whether subdivisions using wells should be included in the requirements or excluded entirely. The majority felt the rules should apply to such cases, but that exceptions could be requested. Taking this position were Supervisors William Thomas, Gene Ricker and Harry Loehr. Chairman Bret Bennallack and Supervisor Lou Hartman felt places where wells are used should be excluded.

WALTER M. BARRETT

Despite protests by the Truckee-Donner Chamber of Commerce, Supervisor H. G. Loehr and Planning Commissioner Francis Longo, as well as others, the Nevada County supervisors voted to change the name of Emigrant Way, an important business thoroughfare through Truckee, to Donner Pass Road, a misnomer if there ever was one.

The board wanted old Highway 40 from Kingvale to Truckee designated with a single name although the 15-mile stretch of highway serves three separate and distinct communities — Truckee, Donner Lake and Donner Summit, Donner Pass Road would have been ideal for the summit or perhaps even Donner Lake, but to inflict the Truckee main business section with this designation seems out of line since it is not and never was the Donner road.

The streets are properly signed, brochures and maps list Emigrant Way, and merchants have printed material with the same, and quite proper, designation.

Much of the blame for the change is quite properly placed on local interests. At public hearings on the subject, called by the planning commission in Truckee and by the supervisors in Nevada City, the attendance was virtually nil and only those favoring the single designation of Donner Pass Road voiced an opinion. The chamber of commerce wrote a protest letter which was received too late for consideration by the board and Supervisor Loehr's request that the matter be delayed or canceled was voted down.

We can only hope that the board rescinds its action to the extent that Emigrant Way be retained as the designation of the street from Truckee to Donner Lake, giving the people on the summit the privilege of naming their own road.

Boy Scouts Seek Volunteers

Rex Anderson, Truckee neighborhood commissioner for Boys Scouts of America, has announced there is an urgent need for men to volunteer as Scoutmasters and assistant scoutmasters.

Scout district commissioner Richard Austin of Soda Springs and his assistant William Files of Tahoe City, say the volunteer "has the rare privilege of helping in the character building of our young people" when they participate in the program, the slogan for which is "Scouting rounds out a boy." They noted the Scouting program is for boys from 11 to 18 years old.

Anderson said duties of the Scoutmasters and assistants include assisting the boys in programming, helping them achieve the goals of scouting, organizing field trips and providing transportation for the trips and outings.

Anyone interested is asked to call Anderson at 587-3342, Austin at 426-3656, or Files at 583-3164.

TRUCKEE RENTS
Gateway Shopping Center — Truckee

Here's Riley

Buying a pair of shoes should be a simple task, but not for me. After the child bride picked out the shoes I wanted, I tried one on. A dandy fit. The little one said to try on the other one to be sure. The salesman said both shoes should be fitted. But I reasoned that if one shoe fit so would the other. I now have one size 7 shoe and one size 9. I do the darndest things.

Like when we had a shop in Squaw Valley. We had two friendly goats in a pen in front of the store. They loved people so much they would jump into customer's cars when given the chance. They liked to ride in the front seat so they could watch the action.

We were invited to dinner one evening, so the child bride left early to lend a hand. The husband and I were to lock up and bed down the goats for the night. We decided to stop by the Squaw Valley Inn for a cocktail, figuring to go back and take care of the goats later. At seven we received a call from the ladies saying that dinner was ready. At eight, another call, not quite so friendly. At nine all heck broke loose.

We were about to take our leave and were saying goodbye to the happy crowd when in rushed the goats, upsetting glasses and waitresses as well as the owner and bartender. We disclaimed ownership of the goats but they headed right for us and it was obvious we were the owners.

Removing two frisky goats from a crowded lounge was not an easy task, especially after they had sampled several drinks. With the help of the owner but no help from the customers, my friend and I and the goats were ejected from the establishment with uncomplimentary remarks ringing in our ears.

This was nothing, however, compared to the reception when we arrived for dinner at ten. During the lecture we learned that the ladies had turned the goats loose in the Inn kitchen.

Woodshop Class

Woodshop classes for adults is being offered on Thursday nights from 7 to 10 p.m. at Tahoe Truckee High School. The class is open to both men and women living in the Tahoe Truckee Unified School District. Experience in wood working is not required.

Strange that men call money "dough." Dough sticks to your fingers.

News From The Past

25 Years Ago

From Sierra Sun Dec. 2, 1943
William Curran, county councilman for the local Boy Scout Troops, reports that the Scouts are \$97 richer as the result of the sale of 80 deer hides sold during the past few weeks to make articles of clothing for the men in the armed services.

Pvt. Harry Digesti and Pvt. Nick Sassarini, now stationed at Fort Ord undergoing overseas training, plan to spend Thanksgiving walking along the beach at Monterey.

In an effort to cut down speeding and other traffic law infractions, Sgt. B. W. Reynolds of the CHP reports 16 arrests during the past week.

The first winter sports casualty of the year occurred Sunday when Mrs. R. N. Little fell while skating on the pond across the river and broke both bones in her left leg near the ankle. Her husband fell at the same time and suffered a sprained wrist.

The Truckee P.T.A., the Lions and Rotary Clubs and the Women's Wyethia Club are sponsoring a Christmas party for the children at the grammar school Dec. 17.

The property tax bill for Nevada County this year totals \$271,161, down 4.9 per cent from the 1942-43 total.

Mrs. Carl Brooks of Kings Beach is visiting her parents, the Earl Nelsons before joining her husband, currently stationed in Texas.

30 Years Ago

From Sierra Sun Dec. 1, 1938
The 5 1/2 inches of snow which fell in the Truckee area Wednesday ended the fire hazard in the forest and brought the total precipitation for the year to 5.15 inches, or 1.90 inches over normal, Forest Ranger H. I. Snider reported.

Tax levies on property by the county, schools and special districts in 1938-39 total \$366,593 and increase of \$180,061 over the 1934-35 levy.

The population of Nevada County at the start of 1939 is estimated to be 18,300 an increase of 7,700, over the 1930 census count.

A Placer County Junior College student and an Auburn business man were drowned Sunday in Lake Van Norden when the inch-thick ice on which they were skating 1200 feet from shore gave way, plunging them into the icy water. Traffic Officers Charles McKeen and Art Barrick and Deputy Coroner Ben Tonini headed the rescue team which made valiant efforts to save the two.

During the month of October were 410 aged, 126 dependent children and 14 needy blind in Nevada County and the cost for all three classes was \$16,574.20.

The Placer County Board of Supervisors has set Dec. 12 as the date for a special election in Tahoe City to determine whether the proposed Tahoe City Utility District shall be formed.

50 Years Ago

Truckee Republican Nov. 28, 1918
The Union Ice Company at Boca has just completed erection of an immense bunk house at a cost of \$88,000. It will be entirely fitted and complete for the coming winter's ice harvest. It is electric lighted and has the most modern plumbing. The bunks are steel, cootie proof and will accommodate 100 men, each with a bed to himself.

Manager William Englehart announces the Masonic Theatre will reopen Sunday after being closed down for six weeks during the influenza epidemic. It has been thoroughly cleaned and fumigated for the opening so the public will have a nice clean place to go. The feature will be Mary Pickford in "Amarilly of Clothes Line Alley."

Rhodes Smith, son of Joe Smith of Truckee, was killed in battle in France on September 29, according to notification from the War Department.

Health Officer Dr. G. W. Bryant has stated there will be no dances of any nature until Christmas, at which time the Red Cross will have a grand ball in the Masonic Hall.

Truckee Grammar School will start next Monday, following closure during the flu epidemic, and all children are requested to be present.

Dean Beyer Wins Navy Award

Lt. Dean H. Beyer formerly of Soda Springs, has been given the Navy League "Mark of a Man" award. The award was made during a joint Rotary Club and Navy League luncheon at Corpus Christi, Texas.

Lt. Beyer is a flight instructor from Training Squadron Twenty-one at Naval Air Station, Kingsville, Texas. He is the son of Mr. and Mrs. Harry J. Beyer of Soda Springs.

The "Mark of a Man" award is presented annually to the Training Command's outstanding officer and enlisted man for exemplary military bearing and conduct, and for leadership both within the Navy and within the community in which they reside.

Lt. Beyer flew 141 combat missions in Southeast Asia and has made 320 arrested carrier landings. Among his citations and awards are 11 air Medals, two Navy Commendation Medals and a Navy Unit Citation Ribbon.

In the community, Lt. Beyer became a member of Church of Jesus Christ of Latter Day Saints shortly after his arrival in Kingsville in 1967. Since then he has been cubmaster.

superintendent of the church youth group, YMMIA, and very active in church affairs. He was ordained an elder in September, 1968.

"I could never have won this award if it were not for the church," said Lt. Beyer. "It

has given me solid goals to shoot for, set my life in order, and has continually helped me at work."

A graduate of Tahoe Truckee High School in 1958, Lt. Beyer was recently back in this area when he attended the 10-year class reunion held at the Chat-

eau at Incline. He attended the University of Colorado and San Jose State College before entering the Navy in 1960.

Church Bazaar Plans Readied

The annual Christmas Bazaar presented by women of Kings Beach Methodist Church will be held Friday and Saturday, Dec. 6 and 7. It will be held at Tahoe City Community Center. Hours are from 9 a.m. to 5 p.m. daily.

General Chairman Sue Dwyer said there will be handwork, baked goods, homemade candy and white elephants on sale. A hot lunch will be served each day from 11 a.m. to 2 p.m. Food chairman Louise Anderson said lunches will cost \$1.50 for adults and 75 cents for children.

LT. DEAN H. BEYER

Open Dove Season Saturday

The Department of Fish and Game reminds hunters that the dove season will reopen Saturday, November 30, for nine days.

The Fish and Game Commission adopted a 39-day split season this year, with the final portion set for November 30 through Sunday, December 8. The first portion was September 1 through September 30.

The limit on doves is 10 per day, 20 in possession after the first day. Shooting hours are one-half hour before sunrise to sunset.

The most likely hunting area this time of the year is the Imperial Valley, the DFG reported. If birds are not located in the agricultural areas usually hunted, they probably will be in brushy areas of the desert. Hunters may obtain information from DFG field men.

Some birds may be found in the Sacramento and San Joaquin valleys, but the flocks are scattered and moving.

Hunters are reminded that whitewing doves may be taken only in Imperial, Riverside, and San Bernardino counties. Few of this species are likely to be found this late in the year.

Supervisors Oppose New Highway Rules

Proposed new federal rules concerning highways are being opposed by Nevada county's supervisors.

They adopted a resolution Tuesday denouncing regulations which they and the California Supervisors Association feel will remove from the states control over highway routing.

Public Works Director V. Harry Hider said the changes would "take away the concept of rule (and let) the highway administrator in Washington, D. C. make the decisions on highway routing. It would take this control out of the state's hands."

This would be done by a procedure in which if anyone protested a freeway or highway route at a public hearing, the federal administrator would decide the matter.

Hider noted that "the state has been criticized for its routing, but it is better to have control at the state level than let it go to Washington."

Fire-Ettes Plan For Christmas Party Dec. 5

Fire-ettes will hold a Christmas Party at the home of president Karen Zirbel on Brook Lane at 8 p.m., Dec. 5.

Hostesses Yolanda Olano and Beverly Daly will serve refreshments before the meeting. There will be an exchange of gifts.

The annual Children's Christmas party sponsored by the Fire-ettes will be held Dec. 14 from 10 a.m. to 12 noon in the multipurpose room of the elementary school.

A movie, Walt Disney's "Ichabod and Mr. Toad," will be shown to the pre-school youngsters and to those through the fourth grade. Santa Claus will visit after the movie and present gifts to the children.

Sierra Skiing

By VI and CARSON WHITE
 "Then the rains came," after all ski systems were set for "GO," too. The whimsical weather man may surprise us soon though and cover us up with a deep blanket of snow. Have you started exercising yet, started jogging? Don't put it off too long. You've just gained more time to prepare your car and equipment too for the long winter ahead.

Christmas is just around the corner, so now is the time to shop for presents. Any skier appreciates a seven day lift pass to one of the many ski areas, or perhaps a season pass at one resort. Gift passes are available to most spas.

Our recent article sure stirred up the local Highway Maintenance Department. "We have been notifying the flat landers for some time that the chain control would probably be off in 30 minutes," said Frank Fox of the Truckee station. "We have been on our toes anticipating such moves and we work at keeping the public informed on road conditions. Radio stations are immediately contacted on any condition change." Frank may be right, but it was news to some officials in other areas in the state.

Snow tires are OK on 4-wheel drive vehicles, but even they must carry chains—just in case. Road and snow conditions change so suddenly it is best to tune in your radio or phone the resort direct for true conditions.

Shortee skiing was a new innovation last year at Squaw Valley and even the sceptics have accepted the principle, at least in using them for beginners and graduating them to conventional sizes as soon as the neophytes gain sufficient confidence. You will notice most all other resorts now rent short skis for beginners this season.

Schlitz Brewing Company will be making a commercial bid for skiers by sponsoring a National Standard Ski Race. Since only a few resorts are included, we can't see how they can call it a national event of any kind. The rules are just about the same as those used at Squaw Valley now. At Squaw, the top pro preruns the course and medals are awarded in relation of their times to his. The race is designed for recreational skiers instead of the hard-core race card holders. The NASTAR program will only include eight resorts this year but will expand the following year to include others. Gloria Chadwick, former executive secretary of the U.S. Ski Association, will head the program.

Oldsters aged 27 and up may improve their racing technique by attending the Veterans Racers clinic at Slide Mountain this weekend. The three day session is a package rate, so either call Slide or the FWSA office in San Francisco if interested. With new snow on the mountain, things are looking up for skiers. Helmut Huttenmayer will head the coaching staff.

Colorado snow depth reports indicate they are using that horizontal ruler again. Eighteen to thirty-three inches are

listed with conditions rated as good.

First ski race of the season, according to the Far West Ski Association, is the Turkey Race at Squaw Valley slated for December 1 and probably will be held in Siberia Bowl. It is a giant slalom open to Class A and B racers only. Squaw Valley Ski Club will sponsor the event Sunday. Turkeys are awarded first place finishers in each class for men and women. Ducks go to second place finishers in each class award is a chicken. Usually 100 participants enter the seasons opener.

National Ski Week is set for January 17-26. We wonder if John Sproehle and Pepi Gaslot knew this when they scheduled the Annual Saloon Keepers slalom for January 21. According to Gardner Mein, this year's race will be bigger than ever. A style show will be included to demonstrate what the well dressed barmaid and bartender should wear to their favorite ski spa.

Girl Scouts Ready Sale Of Calendars

Girl Scout troops from Truckee, Donner Summit, Incline Village, Kings Beach and Tahoe City will soon be canvassing the public to sell Scout calendars to help raise funds for the project expenses of their respective troops.

This is an annual event of the Girl Scouts of America and is an effort to be self-supporting and, according to local leaders, is a very worth while project. The leaders report that the calendars "sell for only 50 cents and everyone will find the calendars very attractive in addition to being useful for they have lots of room to use for notes. They would make very thoughtful gifts and we urge you to buy one for your own use and several for gifts."

VERSATILE TRIO — The Topics Trio are now performing Lake Tahoe's Nevada Lodge, with a fresh performance of precision vocal harmonies, instrumentals and comedy. This is the third Nevada Lodge booking for the Topics this year and they are booked through Dec. 15.

SING OUT SACRAMENTO — The widely acclaimed group of young people will perform at Tahoe Truckee High School Saturday evening, December 7, at 7:30; program is under the

sponsorship of Truckee-Donner Recreation and Park District; area students will have an opportunity to meet the performers at an informal gathering in the school cafeteria between 5 and 5:30 p.m., Saturday.

Topics In Second Week Of Lodge Engagement

The tuneful Topics Trio swings into its second week at Nevada Lodge, North Lake Tahoe's largest year-round resort hotel casino. In this, their third Nevada Lodge appearance of the year, they are dazzling fun-seeking audiences with a sparkling array of new songs and comedy.

The topics are a triple threat trio: vocals, instrumentals and comedy are their weapons, and they have won over audiences throughout the Pacific Coast. Their present base of operations in Reno.

Nevada Lodge audiences are treated not only to the vocal-instrumental-comedy attack of

the Topics . . . but also to the remarkable versatility displayed by each individual within the trio. Rex Wenner, for example, is a master on the stand-up organ, trumpet and accordion . . . in addition to being an accomplished composer.

Equally talented is Jim Greedig, who plays a fine guitar and banjo. D. J. Watson, who stars as drummer for the trio, also treats audiences to a harmonica rendition of "Shenandoah" . . . one of the highlights of the acts. The Topics appear nightly in the Topaz Room at Nevada Lodge, perched on the uncrowded, unspoiled shores of North Lake Tahoe. They are booked through December 15.

DFG Asks All Deer Hunters To Forward Tag Reports

Successful deer hunters were reminded today that the "report card" portion of their deer tags must be forwarded to the Department of Fish and Game as soon as possible.

The DFG suggested hunters check their shirt pockets, vehicle glove compartments and other likely places where deer tags might have been set aside. This year's regular seasons, which ended November 3, marked the second year of the experimental "self-validation" system which allows hunters to validate their own tags but requires that the "report card" portion be returned to the DFG.

Prior to the 1967 season, hunters were required to have their tags validated by specified officers before transporting their deer from the locale where they were taken, often a time-consuming process. Last year, the Fish and Game

Commission adopted the present system as a convenience to sportsmen.

"Keep self-validation! Turn in your deer report cards when you kill a deer," is the DFG's suggestion to hunters.

Heuga Turns Pro

Jimmy Heuga, one of two American male skiers ever to win an Olympic medal, turned professional last week.

The 25-year-old Heuga, a member of both the 1964 and 1968 Olympic teams, will be the director of the Song Mountain Ski Area at Tully, New York. Heuga won a bronze medal in the 1964 winter games at Innsbruck, Austria. Billy Kidd of Stowe, Vt., is the other American medalist.

Huege, formerly of Lake Tahoe, is a graduate of the University of Colorado.

"Sing Out Sacramento" Coming Here This Week

Sing Out Sacramento, the popular group of young people who have been touring the country, will bring their show to Truckee on Saturday, December 7, for a performance at Tahoe-Truckee High School.

The show begins at 7:30 p.m. Tickets are \$1.50 for adults and \$1 for students. Tickets are on sale at the Bank of America, California Cafe, Fred's Barber Shop, Wagon Train, Cabona's, Osburn's Station, Truckee Mercantile, and Methodist Church in Truckee.

In the Gateway area, tickets may be purchased at Gateway Laundromat, Mini-Mart, and Rithchie's; in Tahoe City at Donaldson's, the Village Store, and Felix's; in Kings Beach at Schubert's, Pine Pantry, and the Methodist Church; in Floriston at the Harry Jamason residence; and at Soda Springs and Norden at Donner Trail Grocery and the Soda Springs Lodge.

Members of the cast have invited young people of the area to attend an informal reception from 5 to 5:30 p.m. in the high school cafeteria the day of the

show to get acquainted. Sponsoring the popular show is the Truckee-Donner Recreation and Park District. The district office in Gateway may be contacted for further information.

Soda Ski Clinic

Clinics on the American ski technique have been scheduled for Dec. 7, 14 and 21 at Soda Springs, each beginning at 10 a.m. The series is open to anyone wishing to become a ski instructor or wanting to improve his skiing knowledge. Emphasis will be upon the explanation and demonstration of skills, including management of ski classes and how to correct technique errors.

Jim Withers, director of the Soda Springs Ski School, will head the series.

La Fiesta Affair Is Termed Highlight Of The Fall Season

MINI AND MINI-MINI — The Tahoe Squaws annual bash last Saturday brought out all kinds of costumes and gowns from the mini-mini skirted "pages" to ankle length gowned guests. Men sported dark suits, "black tie" and even appeared in brocaded jackets with ruffled shirts. Hard working Squaws shown during festivities are, from left, Linda Moore, Susan Hack and Gean Pope.

"WE'RE NEIGHBORS" — Mr. and Mrs. John Quintana of Agate Bay, left, and Mr. and Mrs. Clyde Crittenden relax after dinner at Saturday party given by the Squaws. Squaw Valley lodge rooms were gay with colored lights shining on and around large pink, orange, blue, green and red flowers. All Sun Photos

DANCERS — Mr. and Mrs. Ron McIntyre of Tahoe City followed the wandering Mariachis all over the Lodge during Tahoe Squaw's party Saturday to dance to their music. Some 500 guests from Sacramento, the Bay Area, Reno and the entire Lake Tahoe Basin attended the buffet dinner-dance.

Open Race For Queen

Applications are being accepted at the Greater North Lake Tahoe Chamber of Commerce office in Tahoe City from contestants who wish to enter the Miss Sierra Snowflake Beauty Contest, a feature of the annual Snowball which will be held at Nevada Lodge on Friday, January 17, 1969. Girls who will be between the ages of 16 and 21 as of January 17, who live in the Tahoe, Donner Lake, Truckee area are eligible to enter the contest.

Marquettes Leave Donner

Mr. and Mrs. Jack Marquette, owners of Donner Resort Motel and long-time residents of the area, are leaving to make their home in Southern California. The resort will be operated by their daughter, Jackie Kaspien and her husband.

Marquette, active in civic and club affairs, is a past president of both the Truckee-Donner Chamber of Commerce and the Truckee Lions Club. He also has been active in the Shrine, an order of Free and Accepted Masons.

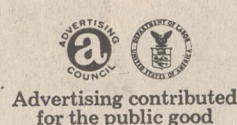

An ardent hunter and fisherman, Marquette is a 1940 graduate of the University of Southern California. He married his wife, Marilyn, while stationed with the Air Force at Stockton, where he was an instrument flight instructor. Previous to his arrival in the Donner Lake area, he owned an engineering consultant firm in Los Angeles.

SPIRIT OF LA FIESTA — Wes Howell does the Spanish version of "pin a rose on me" at Tahoe Squaws dinner dance Saturday evening at Squaw Valley Lodge. Shown with Howell is Janice Ash. Both are from Incline.

Space Speaker Addresses Executives Club

Anyone for a reservation at a space hotel, circa 1990?

Rates will be \$80,000 a day. And cost of the space flight from earth will be \$10,000 per pound ("That'll put you on a diet!")

So said Edward B. Lindaman last Thursday in revealing one of many forecasts by North American Rockwell's Space Division at Downey, Calif.

Lindaman, assistant to the company's vice president, management planning, spoke before members of Reno Executives Club. His information-packed and inspirational "Moon View of Earth Man" drew a standing ovation at its conclusion.

Prefacing his remarks with the fact Dec. 21 has been set by NASA to send three men to the moon, Lindaman noted philosophers and great men from earliest centuries have dreamed as did Archimedes "to stand poised in space so he could view the earth."

"Now it's real, it's not just words," he said.

"This is a new actuality. Viewing earth from outer space is the beginning of a whole new era."

"This brings us to new horizons, new hope, new perspectives . . . sight is being sharpened . . . man has to think from new levels . . . (it brings) a terrific impact on education."

The speaker noted man now lives in a laboratory without walls, that there are no longer any boundaries of any kind. "We've moved the 'Earth Limit' sign out. Earth is the laboratory and man is the technician."

Lindaman reasoned that to explore the unknown, maps are needed. But, he said, maps for outer space cannot be made by man, cannot be made by cartographers.

"We have to rely on the real treasure map within us — our personal imagination and vision. With this we do not have to stay in the dust bin of the earth planet."

Admitting he was over-simplifying, Lindaman drew a word picture to exemplify perspective needed to grasp the scope and implications of outer space exploration. He asked listeners to go with him into outer space 4 1/2 billion years ago.

"We're in space. We see a burning mass, the sun. A spark swings into orbit — a stone — this becomes earth."

"We look to see life above, on and within this tiny mass. Then man appears."

"From our point in space, earth is still a pebble."

"New energy emerges, sends messages into the universe. Man circles the globe. He sends machines to photograph mars. He sends machines to soft land on the moon."

"Then man takes off to the

moon (next month in the Saturn-urn)."

Lindaman then termed the Saturn Rocket which will blast three men to the moon "man's greatest achievement." He described it as 7 million pounds lifted and balanced on one half a human hair.

"This rocket goes to work in the time it takes to light a candle. One hundred fifty two seconds later it's 38 miles high and going 17,500 miles per hour. "This is today. And today also, we have on the drawing boards a rocket of the same size that will have four times the power."

"There was hidden vision behind that rocket."

"Our grandparents, when they first saw a train, saw an engine, freight and passenger cars. They didn't see the ultimate impact behind the train — how it changed the country, built cities, colonized the west."

"So look at the Apollo, let your imagination go to work. Lindaman said that in 1970 a sunblazer will be sent to the sun and a 60-acre receiving set is being built to receive the information it will send back to earth."

He said the most important space aspect today is "we have a new set of eyes." He said orbiting space craft soon will measure the amount of snow, forest spring runoff, classify soil, tell how and when to irrigate cotton, how high the waves are in the ocean in a specific spot so liners can avoid them; give the source of pollution, source of erosion. In 20 years earthquakes will be predicted before they happen.

"This introduces a whole new set of disciplines."

"In 20 years, what is (today's) first grader going to do when he is watching his three dimensional television and hears an earthquake will level a specific area totally destroying homes, persons, crops."

"What kind of responsibility (internationally) is he going to assume."

"Ten years from now information from space is to the effect the rice crop in India won't make it — in six weeks there will be no food in that country."

"Are we going to ignore it?"

"These things will change our whole outlook. These will demand a new cultural and sociological breed (of man). They will demand the highest level of competence of our government personnel."

"We have moved the 'earth limit' sign out into space. There is a new perspective."

In closing, Lindaman asked his listeners to imagine themselves with the tree "earthlings" in the Apollo on Dec. 26, 1968 as they are racing back to earth. A crew member speaks:

"John, I just calculated our

speed. We'll have to slow down to wait for the earth to turn around so we can land in the Pacific."

"Who is man? Lindaman asked."

"Who are we to each other on this celestial ant hill."

"Where is love? Is it important? Do we care?"

"We are being born again

(with the space age).

"We observe ourselves."

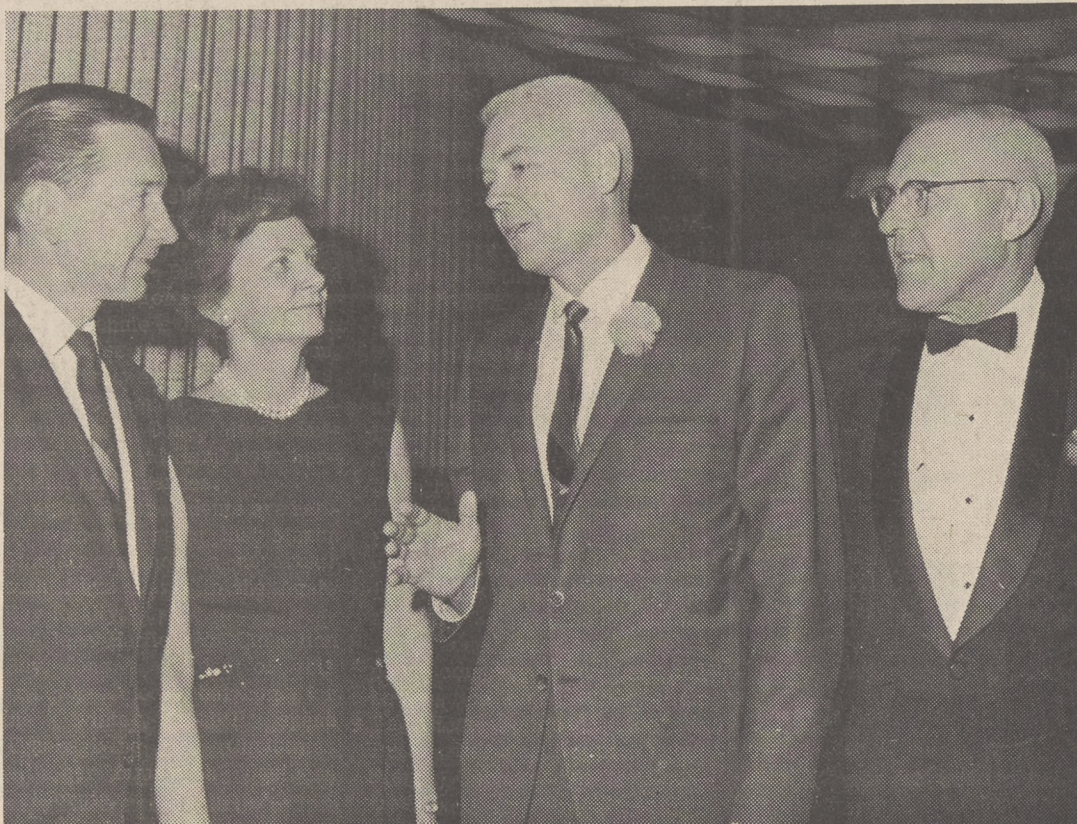

"We stand on the threshold of a new frontier."

During questions and answers Lindaman expressed the hope the day will come when all countries get together to explore space in peace, when all cooperate in global earth resource management from

outer space. He said the first real international cooperation occurred last year when NASA exchanged outer space pictures of the weather with Russia then with 39 other countries.

"But it will take vision, imagination — it will take the new breed of man."

"It's going to be up to responsible persons to make use of all this information."

"IT TAKES VISION" — Discussing various facets of the impact of man's exploration of outer space, Edward B. Lindaman talks to Mr. and Mrs. Zeph Rose of Truckee left, and president Robert Drake, right, during Reno Executives Club meeting last week. Rose is past president of the organization. —Sun Photo

Junior Women Carry Out Worthy Projects

Members of Tahoe — Sierra Junior Women's Club chose a welfare family in Tahoe City to receive a Thanksgiving food basket at the last meeting held Nov. 19.

Members also contributed to the district scholarship to the "World Campus Afloat." The SS Ryndam is a floating college that allows students to study in many different countries as well as aboard.

Mrs. Loren Harvey was given a past coordinator bar. Mrs. Corlas Cole of Tahoe City Women's Club, present coordinator extended an invitation to club members for a Christmas party at the Cole home in Tahoe City. Dave Stollery will entertain with Lake Tahoe stories

and Christmas carols will be sung.

New members welcomed were Miss Joi Egan and Mrs. C. H. Leon.

A bazaar and bake sale has been scheduled for Dec. 7. Members are making Christmas stockings and decorations. Orders for stockings are being taken by Mrs. Ron Cameron, telephone 546-4206.

It was announced the club made \$188.00 on tickets at the

Champaign Fashion Show held Nov. 9. Proceeds go toward equipment for the new Kings Beach public beach. Coordinator Mrs. Cole presented \$25.00 to the fund from the Tahoe City Club. She also modeled in the show.

Eight members of the Junior Women's Club attended a northern district fall board meeting in Roseville earlier this month. Red, white and blue decorations carried out the "Spirit of '68" convention theme. Coordinator Mrs. Cole, who also accompanied the group, was among those honored at the meet.

'Phone Book Features Tahoe Forest

News From Agate Bay

New ideas and a wealth of color greeted guests last week when Mrs. Bonnie Rickert entertained a large group of ladies at her Agate Bay home for a home decorator show and luncheon. Bonnie's mother, Mrs. Nicols, assisted at the luncheon. Guests were Agate Bayers, Eileen Cameron, Lucille Garmon, Carol Cone, Manon Sinclair, Paffy Miller, Rose Sergi and Mrs. Barnes.

Agate Bay residents are happy with the news that Manon Sinclair is now a copartner with Buzz Davis in the Agate Bay Realty.

Aileen Hatfield of Carmelian Bay, long a resident of this area, has closed her home for the winter. She'll spend Thanksgiving and Christmas with her family in Southern California.

Taffi and Mat Miller of Agate Bay entertained at a dinner in honor of Rhoda and Charlie Strand of Kings Beach before their departure for Southern California.

A colorful spring view of an entrance to the Tahoe National Forest brightens the cover of the new Pacific Telephone directory serving Butte, Nevada, Sutter and Yuba Counties and part of Sierra County.

J. C. Domergue, Pacific Telephone's Truckee Manager, said delivery of the directories will begin November 25 and be completed by November 30.

The new book serves 114,600 telephones in the five county area, an increase of 4,200 over last year. Included are 76,748 alphabetical listings, up 1,545 from last year.

The white pages number 272, the same as last year, and the yellow pages 432, an increase of 16 over last year's figure. There also are 24 green index pages.

An added service for telephone company subscribers will be found on Page 1 of the Yellow Pages; a zip code guide for Butte, Nevada, Sutter, Yuba, Sierra, Colusa and Placer Counties.

The printing of the new directory required 164 tons of paper, including 59 tons of white paper, 93 tons of yellow paper, five tons of green paper and seven tons of cover stock.

Accomplishments Of Congress Described By Bizz Johnson

Congressman Harold T. (Bizz) Johnson last week labeled the 90th Congress the "most productive Congress in history" for reclamation legislation.

Speaking before the 37th annual meeting of the National Reclamation Association meeting in Oklahoma City, Representative Johnson reviewed the progress made during his first term as chairman of the Irrigation and Reclamation Subcommittee of the House of Representatives' Committee on Interior and Insular Affairs.

"The projects authorized for construction in the 90th Congress will cost more than \$1.8 billion to complete," Representative Johnson declared. "They represent the largest construction program, both in dollars and physical works, ever authorized by Congress."

In his summary, the chairman noted that his subcommittee had recommended approval of 25 major pieces of legislation, 24 of which subsequently were enacted into law.

"I regret very much that the one bill approved by my subcommittee which failed to be enacted was the legislation to amend the Small Reclamation Projects Act," Congressman Johnson declared. "I am most hopeful that the difficult problems which delayed its approval can be resolved early in the 91st Congress."

In the category of general reclamation legislation, Congressman Johnson listed five measures of major achievements. They provide for the establishment of a National Water Commission, give Congressional approval to research programs of the Office of Saline Water, provide additional funds for administering the activities of the Water Resources Council, and authorize certain feasibility investigations.

The President has already implemented the National Water Commission Act by appointing members to this seven-man commission. Congressman Johnson noted, "We are all hopeful that the five-year review and study of this commission will be helpful in solving

the very difficult water resource problems facing this nation in the years ahead."

Congressman Johnson described the approval of the Colorado River Project Act as the highlight of the work of the committee declaring that "the future of reclamation was at stake." He explained that the agreements and understandings reached in connection with this legislation permits the resumption of water programming in all eleven western states.

Other projects authorized included the enlargement and realignment of the Tehama-Colusa Canal and also the San Felipe Project which will provide supplemental water for 180,000 acres of California land and also for several cities and towns in coastal California.

Husband Of Truckee Girl Is Graduated

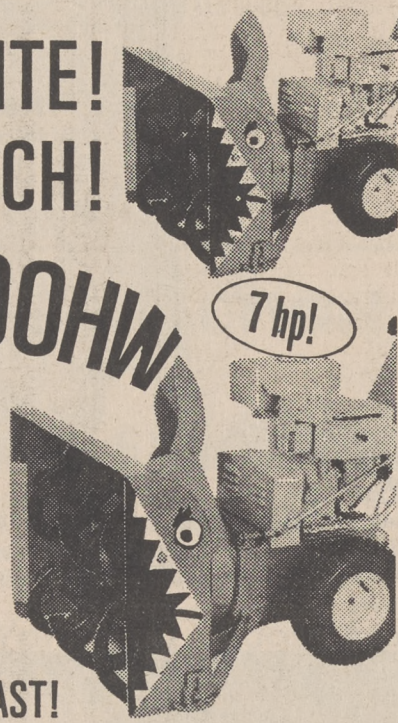

Jerry L. Newcomb, son of Mr. and Mrs. Clell Newcomb, Batesville Route, Salado, Ark., has been commissioned a second lieutenant in the U.S. Air Force upon graduation from Officer Training School at Lackland, AFB, Tex.

Lieutenant Newcomb, selected for OTS through competitive examination, is being assigned to Tinker AFB, Okla., for duty.

The lieutenant, a graduate of Southside High School, Batesville, Ark., received a B.S.E.E. degree in 1964 from the University of Arkansas.

His wife, Carolyn, is the daughter of Mr. and Mrs. Floyd M. Burdick, Truckee.

West Shore Notes

By ELLEN ATTARDI

A large group of friends gathered to pay tribute to Tim Sullivan of Truckee at a surprise dinner party held last Friday evening at the Tahoe Lake School. Tim, much beloved by children, parents and co-workers, has been employed by the Tahoe Truckee Unified School District for the past nine years and leaving his position and home here to take up a new residence in Redmond, Washington. Also honored at the party was Tim's wife Verna. In Washington, Tim and Verna and son Pat will live near another son Danny and his family. Their third son Mike, a former Tahoe Truckee High School student, is with the U.S. Army in Vietnam.

The party followed an all-Irish theme, with the menu, decor, music and group singing all going the way of the Shamrock. The dinner featured Irish stew a la Sally Prouty and the music and singing featured Darryl Fenley at the piano.

The Sullivan's were presented with a gift by the group as well as a scroll of appreciation from the faculty of Tahoe Lake School and other gifts. The party was planned by Sally Prouty and Unis Hoff and they were assisted in arrangements by Mazie Carnell, Marge Chaput, Smokey Smith, Pat Patterson, Ray Luce, Harold Howard and Pauline Keen.

Good luck wished to the Sullivan's in their new home from their many friends here.

Visiting with Jan and Bill Collins at their Talmont home the past two weeks was Jan's mother, Mrs. Adella Brookins of Los Angeles.

Houseguests of John and Barbara Otto at their Carnelian Bay home last week end were Mr. and Mrs. Harry Curry, Mr. and Mrs. Archie Crossland and Mr. and Mrs. Harry Moore, all of Sacramento. They all enjoyed "La Fiesta Affair."

Vacationing in San Francisco and Watsonville for two weeks are Earl and Louise Hagadorn and daughters of Tahoe City.

Dorothy Sanborn and Lorelei Logan, of the Auburn Placer County Library staff, were business visitors to the Kings Beach and Tahoe City Branch Libraries last Thursday.

The Bob Scoville's of Pine-land will spend the Thanksgiving holidays with Mrs. Scoville's mother, Mrs. C. F. Oxford in Westwood.

Off on her annual holiday is Mrs. Joan Lewis of the California Alumni Center staff. Mrs. Lewis is vacationing for three weeks in San Francisco, Los Angeles and San Diego.

Among the opening week end pheasant hunters are Jay Shontz, son Bro and son-in-law Ed King.

Houseguests of the Dan Hauserman's at their Dollar Point home last week end were Mr. and Mrs. Garth Scallon of Sacramento, Mr. and Mrs. Forest

Haver of Belvedere and Dr. and Mrs. Walter Gunn of Palo Alto.

Visiting relatives and friends in Oroville this past weekend were Mrs. Steve Korich and Mr. and Mrs. Mike Korich of the Highlands.

Mrs. Harvey Hopkins of the Highlands entertained friends at a bridge luncheon last Thursday and winning playing honors of the day were Mrs. Jay Shontz and Mrs. Jack Holley.

Enjoying "his" and "hers" vacations recently were Ivan and Laura Wilson of Tahoe Pines. Laura visited an aunt Mrs. Grace Dibbert in Monrovia, and an aunt and uncle Mr. and Mrs. Watson Cross in Whittier and a long-time friend Mrs. Charles Arrowood in Santa Ana. She stopped in Sacramento on her way back here to visit with daughter and son-in-law Dr. and Mrs. James Silverman, and son and daughter-in-law Mr. and Mrs. Douglas Wilson.

Ivan took his vacation in Nampa, near Boise, Idaho, where he caught his limit of pheasant and duck. He also brought home some chuckar and a goose.

The Bob Frybarger family, who have resided at Dollar Point for the last year and a half, moved last week to their new home in Reno. Good luck, Frybargers.

Enjoying the big game and the attendant festivities at Berkeley last week end were Fran and Bobby Hodgkins and son Pete of Sugar Pine Point State Park.

Buck and Shirley Strahm of Comstock Acres celebrated their twenty-fifth wedding anniversary on November 21.

Visiting with Theodate Phillips at her San Ramon home last week were Rosemary Lindsay of Agate Bay, Louise Scoville of Pine-land and Beccy Shontz of Tahoe City.

The John Fitzgerald family of Santa Rosa spent the weekend at their Tahoe City home.

Dave Intorf of Dollar Point is spending a pre-Thanksgiving holiday in the Bay Area.

Houseguests of George and Vivian Davis at their Dollar Point home this week are Mr. and Mrs. D. W. McCarty and daughters Cheryl and Karen of Oklahoma City.

Recently returned from a flying trip of the United States are Mike and Ginny Mariani of Tahoe Swiss Village.

Martin and Barbara Spitsen of Tahoe City enjoyed pheasant hunting opening last weekend.

It was a gay weekend for Bob and Marilyn Fugazi and Larry and Rosemary Lindsey of Agate Bay as they attended the big game and many attendant festivities and class reunions in Berkeley last weekend. Rose-

mary, a UCLA alumnus, didn't take defeat too badly but UC alumni Marilyn, Bob and Larry really had their spirits dampened.

Enjoying a flyin' and fishin' trip to Cabo San Lucas, Baja California, recently were Bill and Fritz Briner of Tahoe Park and Herb and Phyllis Beck of Dollar Point. They flew down via San Diego and returned via Tucson and report that the five days spent in Mexico were very sunny and pleasant.

Proud mother Lillian Topol of Tahoe City is showing off these days while son Steve is home on two weeks' leave. Steve is a newly made sergeant in the U.S. Air Force and it's taking Lillian almost the two weeks to sew the new stripes on his uniforms. Steve is based at Alamogordo, New Mexico near the White Sands Proving Grounds where the Air Force is working on underground ballistics tests. Oh, yes, the sergeant is also the son of Sid Topol.

La Fiesta Affair Notes: It was a fabulous affair, sponsored by the entergetic Tahoe Squaws, with chairman Gene Pope seeing that all details ran smoothly... Winner of the big award, an air trip roundtrip for two to Mexico City and Acapulco, was won by Lee Murray of Reno. Other prize winners were Zeph Rose of Truckee, who won a season ski pass to Alpine Meadows, Robert Lahde of Tahoe City who was awarded a season ski pass to Squaw Valley, and Jim and Peggy Adams of Lake Forest who won a \$25 merchandise order to Design Madness...

The five hundred who attended were greeted by cute Holly Pope and Cathy Moore and donkey Susan who wished all "buenos noches"... Among those hosting pre-Affair cocktail parties were Dan and Joan Hauserman of Dollar Point and Belvedere... Glamorous hostesses of the evening were Vivian Davis, Marilyn McCreary, Nancy Deliantoni, Helen Gates, Fritz Briner and Jean Fowle... Cutting up a storm on the dance floor were Jan and Bill Collins, Shirley and John Evers, George and Dorothy Bitters and Ken and Dolores Payton...

Bette Farrar was the sensation of the evening with a pink curls coiffure which was fashioned in a joint effort by Peggy Adams and Don Wilson... The hat check concession was livened up by the presence of high school seniors Linda Lundgren and Shelley Wilson... And the question of the evening is "what well known Dollar Point party girl drove to the Affair wearing her new mink and hauling a donkey in a horse trailer?" We won't give any names but her husband, G. David, says it might be considered two donkeys as he was sitting beside her...

Alex Cushing was quoted as saying, "it's not OUR party but it sure is a zing-ding!"... The fiesta flower decorations were outstanding and many kudos go to Linda Moore and her crew for their colorful efforts... Very effective and attractive in their "south - of - the - border" costumes spreading good cheer were Jeannine Fraser, Susan

Hack, Anita Ormsby, Nancy Nilsson, Vonnice Keating, Norma Wilson, Joyce Welling and Carol Felich... Wes Howell of Incline kept looking for a bull to get in the ring but never did find one... Among the glamorously gowned (or pantsed, if there is such a word) for the evening were president Jeanne Van Wetter, Renee Masters, Sharon McIntyre, Bernice Giannini, Kate Miles, Jackie Schutt, Audrey Rivard, Bonnie Gunn, Mabel Rose, Norma Asiano, Helen Foeger... And Gardner Mein was not to be outdone by anyone in the dress department, his suit and ruffled shirt were beyond description... Contributing much to the spirit of the evening was the music of Salvador Padilla Perez and his Mariachis and the music supplied by Chris Ibanez and Vernon Alley for dancing... And the best part of the whole Affair is that all the money raised goes to the very worthwhile local scholarship and library projects of the Squaws. Congratulations to each and every one of them.

DFG Thanks Bear Hunters

California's bear hunters and taxidermists were commended by the Department of Fish and Game today for their outstanding cooperation in submitting bear jaws for examination.

The DFG is seeking lower jaws of bears taken by hunters in order to determine the age of the animals as part of an overall study of bear populations in the state.

The age of bears can be determined through removal and examination of the growth layers of the canine teeth. One aim of the study is to determine the reason for the wide fluctuations in the statewide reported bear kill, along with other basic information needed to manage the bear resource and assure continued hunting of the species.

The DFG said that this week hunters and taxidermists had delivered 35 bear jaws to the Department's Sacramento laboratory. An undetermined number of additional jaws had been picked up by DFG field personnel for forwarding.

In praising the excellent cooperation of both sportsmen and taxidermists, the DFG reported one man who had buried a bear skull dug it up and cleaned it up for pickup by the Department. Another successful hunter personally delivered the skull to the DFG's Sacramento headquarters.

Hunters who take bears during the balance of the season, which continues through January 5, 1969, are urged to make the jaws available for the study to get as broad a sample as possible.

The DFG noted that even though jaws are damaged when teeth are removed, the actual jaws are not used in modern taxidermy, so the trophy would not be harmed. The DFG also needs to know the date, county and location of the kill.

Jaws may be turned over to local Fish and Game personnel, who will forward them to the laboratory.

Present Plan For Area Development At Recent Community Club Meeting

Nearly 100 North Shore residents turned out last week to consider a preliminary general plan for improvements of the North Shore area from State-

line to Dollar Hill. George Gatter, of Planning Associates, San Francisco, presented the plans, detailed on a map, at the meeting of

North Tahoe Community Club held at Kings Beach School. Gatter said the plans would accommodate a community of 10,000 to 12,000 persons and

could only be put into effect by a total commitment to revitalize the community.

Fred Barber of the Placer County Planning Commission detailed several criticisms listed by commission members. He said the county planners felt that quality should be stressed rather than a population goal.

Gatter suggested several methods of obtaining financing including federal, public and private monies.

In conclusion Gatter asked the club planning committee to study the preliminary plans and bring back their ideas and suggestions to the next meeting.

REVIEW MAP - Earl Gray, president, North Tahoe Community Club, Charles Martinson of the planning committee and Elston Garrow, planning committee chairman, from left, look over and discuss a preliminary general plan map for North Shore improvements submitted by Planning Associates at meeting last week.

Thanksgiving Celebrated First Harvest In The New World

Thanksgiving as now known in the United States was begun by the Pilgrim Fathers when Gov. Bradford of Plymouth Colony decreed a fall day in 1621 to celebrate the first harvest in the New World.

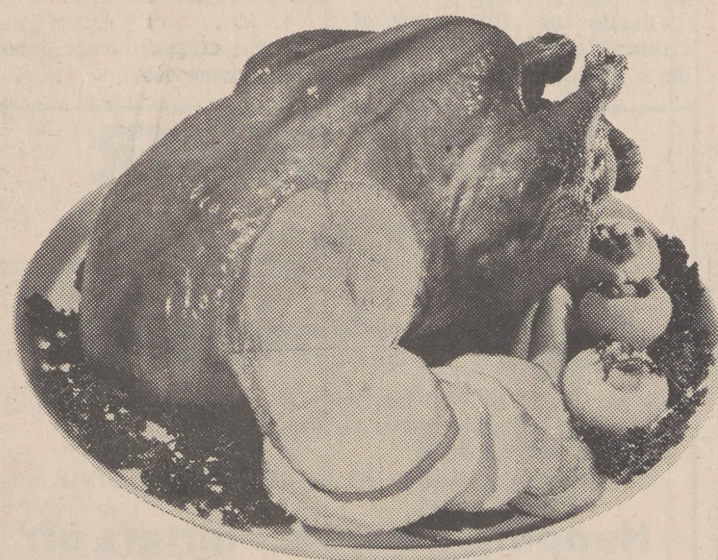

Later President George Washington designated a

Thanksgiving Day in 1789. The day began to be generally observed when Lincoln recommended the last Thursday in November as a day of general thanksgiving. Since then it has become tradition for presidents to proclaim that same day annually as Thanksgiving Day.

TAHOE BONANZA

and Incline Village News

LAKE ECHOES

By BETHEL

Patty Yearry was hostess at her Incline Village home to a Tupperware party Wednesday night. Carol Goad was co-hostess and her husband entertained at a card party at the Goad home while the wives enjoyed their party.

Sheryl Bernardone, Jo McDougal, Mary Sherman, Willie Joy Thomas Jane Bernardon, Virginia Goodall, Nancy Williams, Betty Uihorn, Reva Snook, Kay Carolan, Vicki Goodall, Ruth Holley, Linda Faber, Toni Martin, Della Russo, Sharon Maurer were Patty and Carol's guests.

A chapter of the Juvenile Diabetic Society was organized at the Washoe Medical Center in Reno Thursday evening. Attending the charter meeting from Incline Village was Carol Goad. The Goad's six year old son, Bobbie, is a diabetic. Marge Glead, former Incline resident, and Caroline Haggard of Reno are the organizers of this group. The main object of the Society is detection of diabetes in children and education for treatment.

Marge and George Glead have a three and a half year old child, Valeria, who is diabetic. However she is a gifted child and is attending classes at the University of Nevada in spite of having a health condition to overcome.

The new organization is fortunate to have Marge's knowledge at their disposal. She attended the Minnesota Diabetic Education and Detection Center at the University of Minnesota and for the past 18 months has attended the workshop at the University of California in San Francisco. The material she has collected and made available has given this group a two year start at their first meeting.

Many local doctors are co-operating as well as visiting nurses, school officials and over forty parents who attended the meeting.

Thanks to Mr. Newton of the Barton Memorial Hospital at South Lake Tahoe for the service extended for testing for diabetes last week.

Rev. James Hutchison, minister of the Kings Beach and Truckee Methodist Churches, was guest speaker at a day long symposium on the transplantation horizon at the University of California Medical Center in San Francisco last week. Theologians, lawyers and doctors discussed the moral and ethical

implications of modern and devices for prolonging life and the problem of defining death.

Rev. Hutchison holds an RN diploma and a degree in tropical as well as being an ordained minister.

Over 500 delegates attended the meeting in San Francisco. The North Shore may well be proud of their minister.

The North Tahoe Rotary Club was privileged to hear Rev. Hutchison speak on "Influence of Three Great Thinkers—Teilhard de Chardin, Leslie Weatherhead and Victor Frankl" at their meeting Monday night.

The North Tahoe Community Club met at the Kings Beach School Wednesday night. George Gatter of Planning Associates in San Francisco attended the meeting, as he has been assisting the club in their projects. Dr. J. A. Benson is publicity chairman and Earl Gray of Kings Beach is president.

Mary and Ernie Macon of Incline Village moved into their new home in Whispering Pines at the time Mary returned from four months hospitalization and five operations. As a housewarming gift Mary and Ernie were presented with a TV antenna by friends who remain anonymous, therefore they wish to take this means to personally thank them for their kindness and thoughtfulness. Mary is especially grateful as TV is one of her pleasures while recuperating. We think this was a marvelous idea and know how deeply it is appreciated.

A white elephant donation to the WSCS was the cost of luncheon at the home of Sue Dyer Wednesday. The white elephants, handmade articles, bake sale and lunch will be available at the WSCS bazaar on December 6 and 7 to be held at the Tahoe Community Center at Tahoe City. The Methodist Church at Kings Beach is the home of the WSCS.

Attending the luncheon was Pat Hutchison, Pearl Draney, Carmen Cummings, Evelyn Surprise, Margie Cole, Judy Thatcher, Mildred Matthias, Louise Anderson, Isabel Stockland, Duane Perata, Roma Young, Mitzi Stollery, Marjorie Spafford, Anita Melin, Ann Tiller, Adeline Gunkel, Kaye Felte, Marguerite Ashton, Ruby Harris, Helen Scott, Fran Tompkins and the hostess.

An innovation for a fun get together was introduced to friends Sunday when Lee Cunningham of Incline Village asked them to Sunday Soup and bring your own bowl. Champagne punch was served followed by soup, bread sticks, crackers and french garlic bread. Attending were Messrs and Mesdames Ed Black, Ted Draney, Harold Tiller, Clarence Herda, Jack Barnhill, Jim Ebert, Dan Santasoussa, Lynn Elliott, Dave Chamberlin and Wes Howell, Betty Facciolla and Virginia Hill.

Dorothy and William Bowman of Incline Village received a letter from Ethel Kennedy, widow of the late Senator Robert F. Kennedy. The letter was in answer to the Bowman's expression of sympathy sent at the death of the Senator and contained a quotation, a prayer and a picture along with her note.

Dorothy and Bill Bowman of Incline spent last weekend shopping in San Francisco. They also visited at Vallejo with long time friend, Pearl Martin, who was visiting the Mainland from her home in Hawaii. The Bowmans hadn't seen Pearl in ten

years and had a marvelous reunion.

Although the election is now past history, some interesting facts have been received from the two precincts at Crystal Bay, Precinct #1—A thru J voters—318 voted with 91 not voting of the registered voters, and it was Republican even in non-partisan races. Only one person did not vote for president.

In precinct 2—K thru Z—327 voted, 92 did not vote, and again, one person did not vote for president, 183 did not of the total 828 registered voters. This is a marvelous record considering that some of the 183 have moved.

Joy Tracy of Incline enjoyed a visit from Edie and Phil Borel of Healdsburg last weekend. Joy entertained at a cocktail and buffet supper for them and guests Judy and Jim Ebert, Myrtle and Don Facciolla, Betty and Fred Facciolla, Melinda and Dan Santasoussa, Beth and Dave Chabertlin, Ellie Mae Porter and John Gangl and Tom Kavanaugh.

Helene and Jerry Batt, Sr. of Incline Village, entertained for their son, Roger W. Batt, who was home on leave from Kansas City. Roger is with the Air Force and will soon leave for duty in Japan.

Among those who greeted Roger was Sue and Jerry Batt, Jr. who came from Santa Ana, and Sue and Milton Batt of Reno. Jerry Jr. was associated with the Lake Tahoe Hotel for several years and Milton is presently manager of Safeway Store 506 in Reno.

Lee Batt, another brother, is attending the University of Oregon, and unable to be present.

J. C. Jordan of Incline Village and Jimmy Hume of Incline Beach were San Francisco business visitors last week.

Marcie Schultz and daughter, Becky, of Incline Village vacationed with her parents, Sue and Paul Dickins at Malibu this past week.

Dave Mays of Incline Village attended the school for Nevada real estate licensees at Elko last week. Alysmae and Fred Schultz and Jim Ebert of Incline attended the school last weekend in Reno.

Roger Maxwell of Phoenix spent Thanksgiving with his sister and brother-in-law, Susie and Dale Berning, at their Crystal Bay home. They all attended the Western PGA show in Las Vegas, Susie and Roger both representing Dunlop Sporting Goods at the show.

Theresa and Tom Sutton of Incline Village were Sacramento visitors several days last week. Tom went pheasant hunting with friends while in the area and Johnny Rayburn of Incline Beach joined Tom for a hunt at Colusa.

Mabel and Dixie Reese and daughter, Dixie Lee, of Las Vegas spent a week visiting with Jerry and Johnny Rayburn at Incline Beach. The Reeses formerly owned the Sierra Lodge which is now Jim Kelley's Nugget.

Gizelle and Bill Peluso of Oakland also visited several days with the Rayburns and Theresa and Tom Sutton.

Best wishes for a grand Thanksgiving Day.

Thanksgiving Day Service

A Thanksgiving Day service will be held by Sierra Bible Church in Truckee at 10 a.m.

The hour-long service will include seasonal music and period for audience members to participate in personal expressions of appreciation. Rev. J. Harold Howard will bring a brief message on "Be Thankful, America."

A special feature of the service will be a Thanksgiving folder enclosing five grains of corn. This commemorates the early American famine period when each person had five grains of Indian corn on his plate.

Members of the church announced they are participating in the Ecumenical Thanksgiving Service in Kings Beach Wednesday evening. They also invite the public to share in this Thanksgiving Day service.

Set Hearing On Charge Of Moonlighting

The Placer County Civil Service Commission will air charges of conflict of interest and "moonlighting" against three Placer county planners on Dec. 9 here.

Chairman James Barclay said the commission is holding the hearing at the request of the Board of Supervisors after the allegations were made against the planners by a candidate for supervisor, Douglas Duff.

The charges were made against the corporation, Western Planning and Research, which was organized by planning director Justin F. Barber, zoning administrator Richard Heikka and senior planner Thomas D. McMahon.

County Personnel Director Donald E. Benedetti said the planners had reported their activity to the county executive officer and the county counsel, who could not find a conflict with county ordinances.

Barclay said the hearing also would determine whether there are violations of county ordinances involved and whether changes in employee rules are needed.

Turkey From Turkey

How did America's largest and most traditional native game bird get the name, turkey? It was all a mistake.

It seems that Hernando Cortez introduced the bird to Spain when he returned from his expedition of discovery in the 16th century. The Spaniards thought he'd brought it back from Turkey.

res and Tom Sutton, Jerry and Theresa being Bill's sisters.

Icey and Slim LaBorde of Incline Village are vacationing at Anaheim and thence on to Phoenix for an extended stay.

Virginia and Greg Engelhard of Incline Village attended the Stanford-Cal football game at Berkeley last weekend.

The family was made happy by the recent return of Gary Busch who served in the 29th Artillery, 4th Infantry Division of the U. S. Army in Pleiku, Vietnam. Welcoming him home was wife, Nancy (Engelhard) and baby daughter, nine-months-old Tracy, whom he had never seen. The Buschs plan to live at Incline Village where Gary is employed.

Best wishes for a grand Thanksgiving Day.

EASTERN STAR LEADERS—Choosing the motto "Have faith in your heart and love for one another, Gladys Thorwaldsen and Gerry Eden were installed Saturday as matron and patron of Truckee Chapter, No. 116, Order of the Eastern Star. Shown at the installation are, first row from left, Eva Aweeka, conductress; Geraldine Cross, associate conductress; Gladys Thorwaldsen, matron; Beth Anderson, Esther; Hilda Hintz, Ruth; second row, Evelyn Mandevill, Marth; Victoria McIver, treasurer; Louise Anderson, secretary; Miriam Zwarg, chaplain; third row, Inez Jordan, associate matron; Dorothy Sipes, Electa; Elmay Philippi, Warder; fourth row, Clyde Mandevill, associate patron; Dan Anderson, sentinel, and Gerry Eden, patron. Not shown were Barbara Shane, marshal; Ametta Firpo, organist; Ruth Pilley, Ruth. Emblem for the year is "The Fountain of Life," colors are yellow and lavender and the flower is the yellow rose. Watchwords are "Friendliness and Kindness."—Sun Photo

Narrow Escape As Gas Truck Is Hit By Car

A near tragedy was narrowly averted Saturday when a tanker truck and tractor carrying propane gas was rammed and wrecked by a passenger car in the railroad underpass on Highway 89 at Truckee. There were no injuries.

California Highway patrolmen report the Van Gas truck and tractor rig was headed south when the northbound car driven by James Jaqua, 25, of Woodside, struck the truck trailer knocking off the rear dual wheels and turning the gas truck on its side. The collision apparently occurred inside the tunnel when Jaqua lost control of his car. Driver of the truck was George Henry of North Highland.

The Truckee Fire Department stood by for several hours while workmen and wrecking equipment gingerly cleared away the wreckage. Jaqua was cited for failure to drive on the proper side of the road.

Today's Chuckle

Success is the ability to get along with some people — and ahead of others.

DRIVE DEFENSIVELY OR...

You'll be a sitting duck. An easy target for someone else's foul driving! Make defensive driving an everyday habit, and you'll be able to duck trouble when it threatens. And make State Farm a habit, too. See me soon.

OPEN YEAR ROUND

— COMPLETE SERVICE —

LEGAL NOTICE

solution in opposition to the implementation of Mid-Fiscal Year Public Social Service Programs)

5. Discussion ensued regarding a Land Exchange between the Forest Service for land located near Boca Reservoir, for land located in Placer County at the Tahoe Alumni Center. The Co. Counsel directed to prepare a Resolution rescinding Resolution 68-240, and endorsing the Land Exchange, provided that the County retains an 80 Ft. Right-of-Way.

6. Mr. Todd and Mr. Hider, Director of the Dept. of Public Works, presented proposed Resolution 68-341 (A Resolution approving Agreement between the Co. and Cranmer Engineering, to be Engineer of Work for Glenbrook Assessment District.) Resolution adopted by the Board.

7. Mr. Hider presented Resolution 68-342, which was adopted by the Board. A Resolution requesting the Federal Hwy. Administrator to rescind in the Federal Register, relating to the location and design of Federal-Aid Highways.

The County Assessor appeared and reported that in setting up Tax Code Areas for 68-69, for Truckee Sanitation District, the Nevada County Assessor's Office eliminated the transfer of 79 parcels in Donner Trail Subdivision and several adjoining parcels, where they were not transferred from Tax Code 77-008, which they were originally in, to Tax Code 77-011.

People affected must be re-billed and Tax Code area revised to include the 79 parcels.

Public Hearing regarding this matter set for November 26, 1968, at 10:45 A.M. and property owners affected to be so informed.

The Chairman noted that the time had arrived for a Public Hearing, regarding the proposal of the Nevada County Fire Prevention Association, with regard to upgrading of Water Mains.

The County Counsel was directed to prepare a Preliminary Draft of the Ordinance, which is then to be referred to the Planning Commission to hold Public Hearings on the proposed Ordinance.

The Board officially went on record, recommending to the Dept. of General Services, that the Truckee Public Utility District be authorized to purchase the Truckee Agricultural Inspection Station.

There being no further business, meeting adjourned at the hour of 3:00 P.M.

I THEO. A. KOHLER, JR., Co. Clerk & Ex-Officio Clerk, Board of Supervisors, County of Nevada, State of California, do hereby certify, that the foregoing is a true excerpt from the Minutes for November 19, 1968. IN WITNESS WHEREOF, I hereunto affix my hand and the official seal of said Board, this 22nd day of November, 1968.

LEGAL NOTICE

ORDINANCE NO 68-06 OF

TRUCKEE PUBLIC UTILITY DISTRICT AUTHORIZING AND CHANGING THE NAME OF SAID DISTRICT TO: TRUCKEE DONNER PUBLIC UTILITY DISTRICT

WHEREAS, TRUCKEE PUBLIC UTILITY DISTRICT is a utility district duly organized and existing under and by virtue of the Public Utilities Code of the State of California, and

WHEREAS, Section 15798 authorizes and provides among other things for a change of name of a utility district, and

WHEREAS, the Board of Directors of Truckee Public Utility District has determined and desire to change the name of said District pursuant thereto:

NOW THEREFORE, BE IT ENACTED BY THE BOARD OF DIRECTORS OF TRUCKEE PUBLIC UTILITY DISTRICT, AS FOLLOWS:

1. That pursuant to the provisions of Section 15798 of the Public Utilities Code of the State of California, the name of TRUCKEE PUBLIC UTILITY DISTRICT is hereby changed and said District shall hereafter be known as and called: TRUCKEE DONNER PUBLIC UTILITY DISTRICT.

2. That the Clerk of this District shall and is hereby authorized and directed to cause notification of the change of name to be given to the State Controller, the State Board of Equalization, and to the Board of Supervisors of Nevada County, being the county wherein said District is situated, and such other State and local authorities as may be required by law.

3. That copies of this Ordinance shall be posted in three public places within said District no later than twenty-one days after the date of its adoption, and the Clerk of said District is authorized and directed to effect such posting, and also to cause a copy of said notice

LEGAL NOTICE

to be published one time in the Sierra Sun, being a newspaper of general circulation printed published in the District.

Passed and adopted this 19 day of November, 1968, at a regular meeting of the Board of Directors of TRUCKEE DONNER PUBLIC UTILITY DISTRICT, formerly Truckee Public Utility District, by the following vote:

AYES: Directors Waters, Doyle, Rose, Firpo, Moore, NOES: Directors none, ABSENT: Directors none.

PAUL A. DOYLE President of the Board of Directors — Truckee Donner Public Utility District (formerly Truckee Public Utility District)

ATTEST: Francis Longo Clerk thereof, November 26, 1968 s/s

STATE OF CALIFORNIA

COUNTY OF NEVADA

BOARD OF SUPERVISORS

MINUTES

NOVEMBER 12, 1968

The meeting was called to order at 10:00 A.M. with all Supervisors present.

Minutes of the previous meeting approved as presented, and the Chairman was authorized to sign the Claims Register, thereby releasing the following Warrants for payment:

FUND, Capital Outlay; NO., #25 — \$31; AMOUNT, \$6,398.59; FUND, General, NO., #1,538 — \$1,592; #1,594 — \$1,609; AMOUNT, \$31,354.57.

Public Hearing held on Alta Sierra Estates Unit No. 8 Special Assessment District, and there being no one present either in favor of, or in opposition to the proposed improvements, the following Resolutions adopted:

Resolution 68-327 (A Resolution approving Report on Hearing of Report of Co. Surveyor-Director of Public Works, dated October 1, 1968).

Resolution 68-328 (A Resolution determining to overrule debt limitation established in the "Special Assessment Investigation, limitation and majority protest act of 1921").

Resolution 68-329 (A Resolution

LEGAL NOTICE

tion directing the Co. Surveyor-Director of Public Works, to be the person to prepare the Report and Assessment under the Municipal Improvement Act of 1913.)

Resolution 68-330 (A Resolution of Intention.)

Resolution 68-331 (A Resolution approving Report of the Co. Surveyor — Director of Public Works prepared for proposed Alta Sierra Estates — Eight Assessment District, and setting time and place of hearing protests thereon, and designating newspaper for publishing notices.)

Resolution 68-332 (A Resolution authorizing Chairman of the Board to execute Agreement binding the Co. to convey water lines and water pumping station in Alta Sierra Estates — Eight, to the Nevada Irrigation District, and authorizing the Co. Surveyor — Director of Public Works, to execute conveyance of said lines and station to said District.)

Mr. Jack Houlgate appeared before the Board, as spokesman for a group of Nevada County Citizens supporting a County-Wide Library.

Various petitions and resolutions supporting a County-wide demonstration of public library services by acceptance of the following Resolution, which was adopted by the Board:

Resolution 68-333 (A Resolution requesting from the California State Library, a two-year demonstration of Public Library Service for Nevada County.)

Mr. Eugene Newman, Director — Dept. of Public Social Services, appeared before the Board, and reported to the Board regarding what is happening in the "Aid to Families with Dependent Children." Mr. Newman reported regarding a program which the State Dept. of Social Welfare has implemented, retroactive to September 1, 1968, and which the Co. is compelled to expend money which has not been budgeted for, since the program was not anticipated.

The Board ordered a Resolution of opposition to be prepared, protesting the establishment of mid-term programs, which leave the County with no money budget to cover the program.

The Board also ordered prepared, a Resolution of Opposition to the Homemaker Services Program.

Upon presentation by the Deputy County Counsel, the Board adopted Resolution 68-334 (A Resolution expressing opposition to the proposed plan to close the Quarantine Stations of the State of California.)

The Board was informed by the Auditor-Controller, that the Social Security Administration feels that it is imperative that the Co. deduct Social Security Benefits from salaries paid to members of Advisory Boards, Committees and/or Commissions. The Board contends that payment made to these individuals is for actual expenses incurred in attending meetings, that they are not being paid a salary. Therefore, a Resolution to this effect was ordered prepared, and the Contract with the Social Security Administration is to be amended, if possible.

Mr. V. Harry Hider, appeared before the Board, and presented the following proposed Resolution, which was adopted: Resolution 68-355 (A Resolution authorizing Agreement between the Co. and the Southern Pacific Land Co., pertaining to License Covering Removal of Road Building material.)

Supervisor Loehr requested the Department of Public Works to investigate the possibility of installing a signal light near the Railroad Tracks crossing on Bridge Street and 9th Cutoff.

Charles Langston appointed as a member of the Advisory Mental Health Board.

There being no further business, the meeting was adjourned at the hour of 12:00 P.M.

I THEO. A. KOHLER, JR., Co. Clerk & Ex-Officio Clerk of Supervisors, County of Nevada, State of California, do hereby certify, that the foregoing is a true excerpt from the minutes of the Board of Supervisors Meeting held on November 12, 1968.

IN WITNESS WHEREOF, I hereunto affix my hand and the official seal of said Board, this 15th day of November, 1968.

THEO. A. KOHLER, JR., Co. Clerk & Ex-Officio Clerk of Nevada County Board of Supervisors

By: Maxine E. Gaines Deputy Clerk of the Board

November 26, 1968 s/s

LEGAL NOTICE

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA In the matter of W.C. Frost, dba TAHOE PINES WATER CO., Advice Letter No. 4, rates for water service.

Application No. 50647 NOTICE OF REHEARING TO: W.C. Frost, dba Tahoe Pines Water Company, P.O. Box 2, Homewood, California, 95718

Ross W. Ashley, 348 Bretano Way, San Rafael, California 94904.

NOTICE IS HEREBY GIVEN that the Public Utilities Commission of the State of California has set the rehearing in the above entitled matter before Examiner Barnett for Thursday, December 19, 1968 at 10:00 a.m. in the California Alumni Lodge, 1/2 mile south of Tahoe City, California on State Highway 89, at which time and place all interested parties may appear and be heard.

BY ORDER OF THE PUBLIC UTILITIES COMMISSION Dated at San Francisco, this 19th day of November, 1968.

WILLIAM W. DUNLOP, Secretary Public Utilities Commission of the State of California Nov. 26 & Dec. 4, 1968 s/s

STATE OF CALIFORNIA, COUNTY OF NEVADA

BOARD OF SUPERVISORS

MINUTES

NOVEMBER 6, 1968

Meeting called to order at the hour of 10:00 A.M. with all Supervisors present.

Minutes of previous meeting approved as presented.

Chairman authorized to sign the Claims Register, thereby releasing the following Warrants for payment:

Fund, Enterprise — Trust; NO., #20,009 — \$20,013A; Amount, \$40,27.

Fund, Road; NO. #279 — \$296; Amount, \$4,515.93.

Fund, General; NO., #1,415 — \$1,480; Amount \$30,445.82

Fund, Nevada General Hospital Home Health Agency Enterprise Fund; NO. #5,035 — \$5,045; Amount, \$399.60.

Fund, Nevada General Hospital Enterprise; NO. #452 — \$465; Amount, \$8,598.94.

Fund, Capital Outlay; NO. #22 — \$24; Amount, \$3,237.15.

Public Hearing held on the Glenbrook Assessment District and after all property owners present had been heard, the Board adopted Resolution 68-324 (A Resolution closing hearing and continuing consideration of bids and all other matters.)

The Manager of the Nevada County Chamber of Commerce appeared before the Board, and presented a trophy for First Place which was received at Cal-Expo in the Mineral Division.

Mr. Gallegos also presented two silver trays, one representing a First Place Award received for Nevada County Exhibit at California Exposition and the second tray representing a Second Place Award received at the Los Angeles County Fair.

Mr. Gallegos reported that \$3,000 in prize money was received between the two fairs.

The Agricultural Commissioner, Sealer of Weights & Measures, appeared and expressed concern over the State's plan to close Border Inspection Stations. The Board ordered a Resolution prepared, protesting the closing of Plant Quarantine Stations.

The Auditor — Controller presented the report of his Department.

The County Council presented the following documents, which were adopted by the Board:

Resolution 68 325 (A Resolution establishing a Revolving Fund)

Resolution 68-326 (A Resolution officially designating State Hwy. Rt. No. 174, as the Colfax Highway).

The County Counsel's office recommended that the Second Supervisorial District not be annexed to the Nevada Cemetery District at this time. Supervisor Bennallack concurred.

Mr. Don Qualls appointed as a member of the Nevada Cemetery District.

The Hospital Administrator appeared and presented the following business:

1. Mr. Kuhwarth received permission to purchase additional fixed asset items from Enterprise Fund Money.

2. Mr. Kuhwarth was au-

LEGAL NOTICE

thorized to dispose of various surplus property, after it was first declared surplus by the Board.

The Planning Director appeared and reported regarding two requests for variances in the Truckee area, which he reported that the Planning Commission did not recommend. The Board upheld the action of the Planning Commission in denying the Applications for Variances, and the Board will not hold Public Hearings.

The Director of the Department of Public Works appeared before the Board, and presented the report of his Department.

The Purchasing Agent appeared and reported regarding replacement of a concrete wall in front of the parking lot. An additional \$963.62 was authorized, in order that the remaining wall, which is beginning to crack and pull away from the adjacent wall, may be replaced also.

Construction of a retaining wall between the parking lot and the Catholic Church Parsonage is under way. Completion of the installation of gasoline tanks and pump is almost finished.

There being no further business, the meeting was adjourned at the hour of 12:45 P.M.

I THEO. A. KOHLER, JR., Co. Clerk & Ex-Officio Clerk, Board of Supervisors, County of Nevada, State of California, do hereby certify, that the foregoing is a true excerpt from the minutes of the Board of Supervisors Meeting dated November 6, 1968.

IN WITNESS WHEREOF, I hereunto affix my hand and the official seal of said Board, this 7th day of November, 1968.

Chamber Pot-Shots:

By Betty Layton
Attention all Local Beauties—the “Miss Sierra Snowflake” Queen Contest is on! The 8th Annual Snowball will be held at the Nevada Lodge (for the 7th time), January 17, 1969.

It brings back memories of the past balls and many of the volunteers who assist us today also assisted with the original one in 1962; Dorothy and Don Beck, Eileen Wilen and Velda Farris all helped at that time and they have been doing so ever since.

The first annual Snowball and “Miss Sierra Snowflake” Beauty Contest was held March, 1962, in conjunction with the Sierra Dog Derby. There were seven contestants and the winner was Christine Ribal of Carnelian Bay.

In December, 1962, the Snowball had to be moved the last minute to the Olympic Village Hotel because the “Lime Lighters” appearance at the lake conflicted. Bethel Van Tassel was general chairman that year assisted by such well knowns as Jewel and Ernie Riley, Jackie Jensen, Betty Vance and Jeanne Van Wetter. Beverly Gunkel, daughter of long time residents was elected Queen which followed her previous title of “Miss Lake Tahoe of 1959.” Sandy Snyder of Tahoe City was, second and Sharon Rosamond of Soda Springs was third.

The following year, 1963, it was back to the Nevada Lodge and a red-haired Nevada coed, Danna Sutton of Tahoe Valley, captured the title from Catherine Baker of Kings Beach and

Linda Caine of Incline Village. Bethel was chairman again, assisted by Mr. Beck as co-chairman. Master of ceremonies was a former Broadway star, “Whip” Wilson.

The 1965 Snowball was moved up to Valentine’s, February 13, and had as general chairman, Marilyn Fugazi, with co-chairman, Robert E. Lee. Linda Draney, secretary from Incline Village, won the title and that year there was an impressive panel of judges, including Y. A. Tittle, Matt Hazeltine and Gordy Soltau, all of San Francisco Forty-Niner fame.

Lovely Roselyn Hamblin of Kings Beach won out over 14 entries in 1966. June Taylor was second and JanMarie Booth was third. Roselyn went on to win other honors that year including the title of “Miss Lake Tahoe” at South Shore.

Art Linkletter as master of ceremony was the highlight of the 6th Snowball. The Topaz Room was a complete sell out and Gerogia Burris of Incline Village was chosen Queen over thirteen contestants. Julie and Suzie Hauserman of Tahoe City were elected Princesses.

Last year, under the able chairmanship of Nancy Delantoni, a full house saw thirteen contestants vie for the title and Sheila Rosamond of Truckee and sister of a Princess in 1962 contest won the honor. She was sponsored by the Crystal Bay Club. Suzanne Wertz and Anna Marie Connors were Princesses.

Each year the candidates are sponsored by clubs, service organizations, or individuals and it is their generosity that gives a young girl the opportunity to gain self-confidence, experience and prestige in appearing before a local audience and represent the area throughout the year.

The entry from states that the girl must be 16 years of age, and not over 21 years of age, as of January 17, 1969, and that the girl has never been married, has good health, good moral character and a resident of one of the counties bordering on Lake Tahoe, Donner Lake or Truckee.

Anyone wishing to sponsor a girl, or any girl wishing a sponsor, please pick up an entry form at the chamber office in Tahoe City or write Box 884 or phone 583-3461.

SURPRISED — Tim Sullivan, center, was “never so surprised in my life” when honored by some 80 friends Friday evening at a dinner at Tahoe Lake School in Tahoe City. He retired after nine years as school custodian and bus driver. Tim holds cake replica of “his” school bus, while wife, Verna, displays a scenic decorated cake denoting the retirement. At left is School Principal Darrel (Smoky) Smith.

Squaw Valley Ski Architect Dies In Home

Heidi Klopfer, the famous West German architect and ski jump constructor who was preparing the jump for the 1972 Winter Olympic Games at Sapporo, Japan, has died of a heart attack at his home in Oberstdorf, West Germany.

News of his death was reported by friends Tuesday. He was 51.

Klopfer constructed the Olympic ski jumps at Squaw Valley, Calif., Innsbruck, Austria; Seefeld, Austria; Grenoble, France, and Autrans, France.

Phillip Fisher Wins Promotion

Marine Lance Corporal Phillip C. Fisher 24, son of Mrs. Ione R. Baker of Truckee, was promoted to his present rank while serving with the First Marine Division in South Vietnam.

His promotion was based on time in service and rank, military appearance, and his knowledge of selected military subjects.

As a member of the division he helps capture or destroy enemy forces. During large and small scale operations he is supported by Marine air units, tanks, artillery, amphibian tractors and engineers.

Always A First Time

“This never happened to me before,” Donald Vance remarked to admitting personnel at Tahoe Forest Hospital Sunday. Vance, who resides in Kings Beach, said he was shoveling his driveway when he slipped. He’s in the hospital with a broken leg.

Now They Plan Sewage Pipeline Under Emerald

A preliminary engineering report prepared for the state by the South Tahoe Public Utility District calls for a raw sewage pipeline to pass under water across the mouth of Emerald Bay.

Harlan Moyer, consulting engineer for the district, said the crossing is the only feasible way to the STPUD to sewer the westerly shore of the bay. There are only two ways to serve the parks and campgrounds at Em-

erald Bay and he would not recommend a pipeline under the land Moyer said.

Cost of the project varies according to the inclusion of federal and private lands in the sewer system but will be approximately \$1 million. No maintenance and operation costs are included in the report because the district believes these should be negotiated with the state. The report will be submitted to the State Department

of Beaches and Parks later this month.

The board of directors voted to detach from the district approximately 300 acres which are owned by the Ebright family at Cascade Lake. Charles Ebright said he does not believe the land ever will be developed.

If ever it is, the cost would be greater. Board members adopted an ordinance Thursday increasing annexation fees.

90 MINUTES THAT COULD AFFECT YOUR ENTIRE FINANCIAL FUTURE!

If you have a spare hour and a half... we have a valuable free opportunity for you: A Dean Witter & Co. lecture on investing in stocks and bonds—an opportunity for you to learn how to invest sensibly... and to give your money a chance to grow over the years...

This lecture on INVESTING IN STOCKS AND BONDS is designed to answer your questions whether you are a beginning investor or already have some investing experience. Among the topics to be included are: investor qualifications, language of investing, Dow Jones Averages, Blue Chip stocks, Glamour stocks, bonds, investment objectives and investment diversification.

The lecture—which will be given in two sessions—will be delivered by an Account Executive with Dean Witter & Co., and will be followed by a half-hour discussion period.

Dates: Wednesday, December 4
Thursday, December 5

Time: Starting at 7:30 p.m.

Place: Incline Village High School
Room 204, Incline Village, Nevada

Instructor: Grant J. Weise, Jr.
Account Executive

Strong Traffic Safety Program Under Way

SACRAMENTO — An expanded and more vigorous attack on California's traffic safety problems has been outlined by Gordon C. Luce, State Secretary of Business and Transportation. "Californians can no longer tolerate the almost 5,000 deaths a year on our highways and streets."

By aggressive thought and action, we can reduce this tragic loss of life, Luce said in announcing the expansion of the State Office of Transportation Safety.

He termed the new effort a consolidation for closer coordination and emphasis on the various traffic safety elements in the state.

Under Transportation Safety Coordinator, John W. Berke, four assistant coordinator positions have been approved by the Business and Transportation Secretary.

The Program Planning and Projects post has been assumed by Ray Ward, previously manager of the Operations and Standards Section in the Division of Motor Vehicles.

He will be responsible for preparing and maintaining a comprehensive, statewide program plan, and assisting State and local agencies in project submission and implementation.

Financial Administration will be the responsibility of Douglas Boyd.

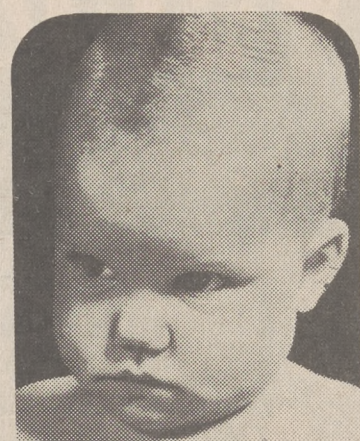

Report All Auto Mishaps -- Correctly

SACRAMENTO — "When property is damaged in a vehicle accident in which no one is hurt, the driver must 'then and there' either locate and notify the person in charge of the damaged property of the name and address of the driver and owner of the vehicle involved or leave a note with that information in a conspicuous place on the vehicle or property damaged,"

Capt. W. T. Kramer of the Placerville office of the California Highway Patrol warns. "This requirement applies on private property such as parking lots the same as on the highway," Capt. Kramer said. "More than 170,000 property damage accidents were reported to the CHP last year. No one expects to be involved in an accident, but everyone should be prepared to do the right thing if he is involved," Capt. Kramer stated.

"Failure to do so might lead to a 'hit and run' charge," If a "runaway" vehicle is involved in an accident resulting in property damage the driver who parked the vehicle must comply with the same requirements for notifying the owner of the damaged property.

If a note is left on property damaged in an accident, it must contain a statement of the circumstances of the collision. The driver must also "without unnecessary delay" notify the CHP or the police department having jurisdiction, Capt. Kramer said.

Wondering how much storage costs?

Why wonder... just ask! Call, we'll gladly answer any questions—even the ones you think are silly—about our clean, safe storage for anything from a trunk to an estate. It's the easy way to make your home or office feel bigger. So economical, too. So call, there's no obligation. You'll feel better... fast!

SF Mayor To Speak At Sub Ceremony

VALLEJO — Rear Adm. N. Frankenberg, commander, San Francisco Bay Naval Shipyard announced today that Joseph L. Alioto, mayor of San Francisco will be the principal speaker at the commissioning of the USS

Gurnard (SSN 662) at 11 a.m. Dec. 6. The Gurnard, Mare Island's 13th nuclear powered submarine is an attack submarine, and much different from her predecessor by name — Gurnard (SS 254).

The first Gurnard, commissioned in September of 1942, accounted for 57,000 tons of enemy shipping during her second, third, fourth, and fifth war patrols. Awarded the Navy Unit Commendation and six battle stars on the Asiatic-Pacific Area Service Ribbon, she was inactivated in November of 1945.

Mrs. George P. Miller, wife of George P. Miller, Representative from the Eighth Congressional District, was sponsor of the ship, when it was launched May 20, 1967. Miller is chairman of the House Committee of Science and Astronautics.

Weather Prophets Off Base Slightly

NEW YORK — That old-timer who lived close to nature and made predictions like: "Squirrels hidin' away lots of nuts—goin' to be a long winter"; was he much of a weather prophet?

Unfortunately, those amateur oracles had it all backwards, says the noted naturalist, Hal Borland in a National Audubon Society magazine article.

The behavior of the animals has something to do with the weather, all right, but it is a commentary on the past six months. When bees put away an extra large supply of honey, when geese have extra thick down feathers, when there's a plentiful harvest generally—these are the natural consequences of a fine summer, not a prediction of the weather ahead.

Weather lore has always been based on nature. Perhaps the first weather prophet was some cave man who watched a flock of Stone Age geese flying south and said to his mate, "Put an extra bearskin on the bed. Cold weather's coming." That man, says Borland, was a genius. He read the signs of the changing season and knew what to expect.

But weather prophets of recent times seem to have forgotten the common-sense cause and effect relationship. "I have

been told," Borland says, "that the coming winter's weather can be foretold from the chirping of crickets and the rasping of katydids. I suspect that this is an elaboration of the old belief that the first frost will come six weeks after the first katydid is heard... about the first week in August. And we usually get first frost about mid-September. So the timing tallies out, more or less. But it's a case of the katydids matching the season, not the other way round."

Borland did a study of the time-honored woolly-bear caterpillar system of prophecy. The banded woolly bear is the caterpillar stage of a little moth that feeds on dooryard plantain. It has three bands of color, a black one at each end and a central one of chestnut-red. The rule goes that if the black bands are longer than the red one, the winter will be long and stormy—and vice versa.

For a number of years, Borland ran a tally of woolly bear markings and found that, year after year, the caterpillars divide into three approximately equal groups—one-third say the winter will be long and hard, another third say it will be short and easy, and the rest are undecided, with stripes of equal size.

If these long-range forecasts can easily be debunked, there are some pretty accurate short-range forecast signs.

Birds, dogs and some people respond to atmospheric changes and "feel" when a storm is coming.

The look of the sky, a change in the wind, a ring around the moon—all these weather indicators have been interpreted by people who lived close to the land and from them have come our weather proverbs.

But, Borland says, it's one thing to speculate about tomorrow's weather and quite another to foretell what is coming next winter. That needs a prophet and prophets need "signs."

Over the years weather prophets communed with the animals, read the "signs," and came up with answers.

When they were right, they proclaimed it from the rooftops, and when they were wrong they hoped people would forget.

INAUGURAL FLIGHT — Dr. Alvin Marks, president of Skymark Airlines and Alfred Conklin, vice president of operations, right, who also piloted the plane, get together during the airline's inauguration of flights from South Tahoe, Truckee and Reno. Three cities are being serviced daily for the first time by the Sacramento-based airline. Conklin was the pilot for the flight also.

Unique Papers Placed On Display At Museum

CARSON CITY — The Nevada State Museum has put on sale the first of its Occasional Papers, a new series of its publications, according to an announcement by Judge Clark J. Guild, board chairman and general curator of the museum.

The first book is "Washo Tales," by Grace Dangberg, a translation of three original legends of the Washo Indians. The Washos have lived for centuries on the eastern slopes of the Sierra Nevada Mountains, approximately between Topaz Lake in Nevada and Honey Lake in California.

"This is one of the first works of this kind ever produced," said Judge Guild. "Although the Washos have been a vital part of Nevada's heritage, little has been published in English of their history. This book by Grace Dangberg is a tremendous contribution to our knowledge of their culture, and the museum is proud to be a part of it."

Miss Dangberg, a native of Carson Valley, recorded these tales in 1919 and 1920, in the Washo language. Her two narrators were Washos who had been young men when the first

white men came to Carson Valley.

The book contains two primitive water colors by Henry Moses Rupert, of the Carson Indian Colony, as well as maps showing the area as it was in those days. There is also an appendix which lists the Washo names for many places in western Nevada familiar to white men by other names.

Examples: Cave Rock, on Lake Tahoe, was known as "rock standing gray." Truckee River, which is the outlet for Lake Tahoe, was called "flowing away over the edge." Emerald Bay was "sunshine coming in," and "big fish" was the name of the area around Schurz.

Although this is basically an ethnographic paper, it is non-technical and has general appeal. According to Museum Director James Calhoun, this is the main reason for the museum's decision to establish the Occasional Papers as an outlet for works which do not fit into its regular series of publications. "Such works will be published from time to time as Occasional Papers, and will deal with technical subjects on a layman's level," Calhoun said.

Have Social Security Questions?—Then Write To . . .

This is another of a series of questions and answers on Social Security.

They are typical of questions answered everyday by Social Security representatives throughout the country.

If you have a question about social security, send it to Arthur A. Johnson, Jr., District Manager, Social Security Administration, Reno, Nev. 89502.

Your answer will appear in a future column.

Q: One of my daughter's roller skates got in my way and I suffered a fall. It is now necessary for me to wear a back brace and my right arm is in a sling. The doctor tells me I won't be able to work for quite

awhile. Can I get social security?

A: From the details you furnished I am not able to tell you for sure. However, if you've worked under social security at least five years during the ten years ending when you were hurt, and if you won't be able to work for a full twelve months, there is a possibility you may get disability checks from social security. I suggest you get in touch with the social security office. Also, bring the names of your doctors and the hospital where you received treatment. This will help the social security office process your claim.

Q: My father was transferred from a hospital in Lovelock, Nev., to one here at the Lake so he could be near his family. Medicare refused to pay for the ambulance transportation. Why?

A: Since there was a hospital in Lovelock where your father could have been hospitalized but he was transferred to a hospital primarily to be near his family, Medicare could not pay for this ambulance. Medicare will pay for any covered services incurred at the Lake facility.

A: My doctor charges \$3 every time I call him for medical prescriptions. Medicare refuses to reimburse me for these charges. I believe this is unfair. Has there been an error some place?

A: The services rendered by a physician to a patient over the telephone are not covered under Medicare.

Q: My doctor told us that Medicare would pay for the rental of a wheel chair for my mother, but he warned us that it must be a plain one without an electric motor. I happen to know that Medicare is paying for a battery operated wheel chair for an old gentleman who lives down the street from us. Apparently our doctor is mixed up.

A: Not necessarily. Normally deluxe features such as a motor on a wheel chair would be considered unnecessary. But if an added feature such as a motor is necessary because the patient is in a weakened condition and needs a power operated chair, the extra feature would be medically necessary and covered by Medicare. It would not be covered when the patient is strong enough to operate a simple chair.

Q: My mother recently moved

here to live with us and told me that she was refused admission to a hospital because of her race. She is enrolled in Medicare. Can this be possible?

A. No. A participating hospital or other institution must agree to provide services on a non-discriminatory basis in compliance with Title VI of the Civil Rights Act of 1964.

A: Because of a serious emergency I was admitted to a hospital which does not participate in Medicare. I was surprised to learn that Medicare paid for the first couple of weeks but nothing for the last 10 days I was in the hospital. Can I have an explanation?

A: Even if a hospital does not participate in the Medicare program, it may receive payment for services of an emergency nature if certain other requirements are met. Payment can be made to such hospitals only for emergency services.

The Medicare payment stops when the emergency ends. Apparently, according to your physician's statement, it became safe from a medical standpoint to move you to a participating facility ten days before you were actually discharged.

Q: I am a Christian Scientist. What good is Medicare to me?

A: Christian Science Sanatoriums operated or certified by the First Church of Christ Scientist, Boston, Mass., qualify as both hospitals and extended care facilities. Most of these sanatoriums participate in the Medicare program.

Stop N' Go With Care

LOS ANGELES — Having a healthy awareness of just how much distance it takes to bring a car to a stop can save both drivers and pedestrians a considerable amount of trouble.

Many drivers are apt to expect too much from their modern brakes. Children, or adults who have never driven a car, are particularly prone to misjudge the stopping power of brakes. Having no ingrained sense of what it takes to stop the average car, they tend to leave it all up to the driver, are more than nonchalant when passing through the stream of traffic.

National Automobile Club reminds such pedestrians that the average car in motion is a comparatively unstoppable thing. It weighs close to two tons.

Traveling at 20 miles an hour it takes about 45 feet to come to a stop, even under the best of conditions. At 30 miles an hour it takes something like 270 feet to stop.

Think of these figures the next time you're driving or are walking near traffic.

Doing so can save you a considerable amount of trouble.

Rookie Stan Bahnsen of the New York Yankees won 17 games last season. He lost 12 and in pitching 267 innings he compiled a 2.05 earned run average.

CALIFORNIA HIGHWAY PATROL

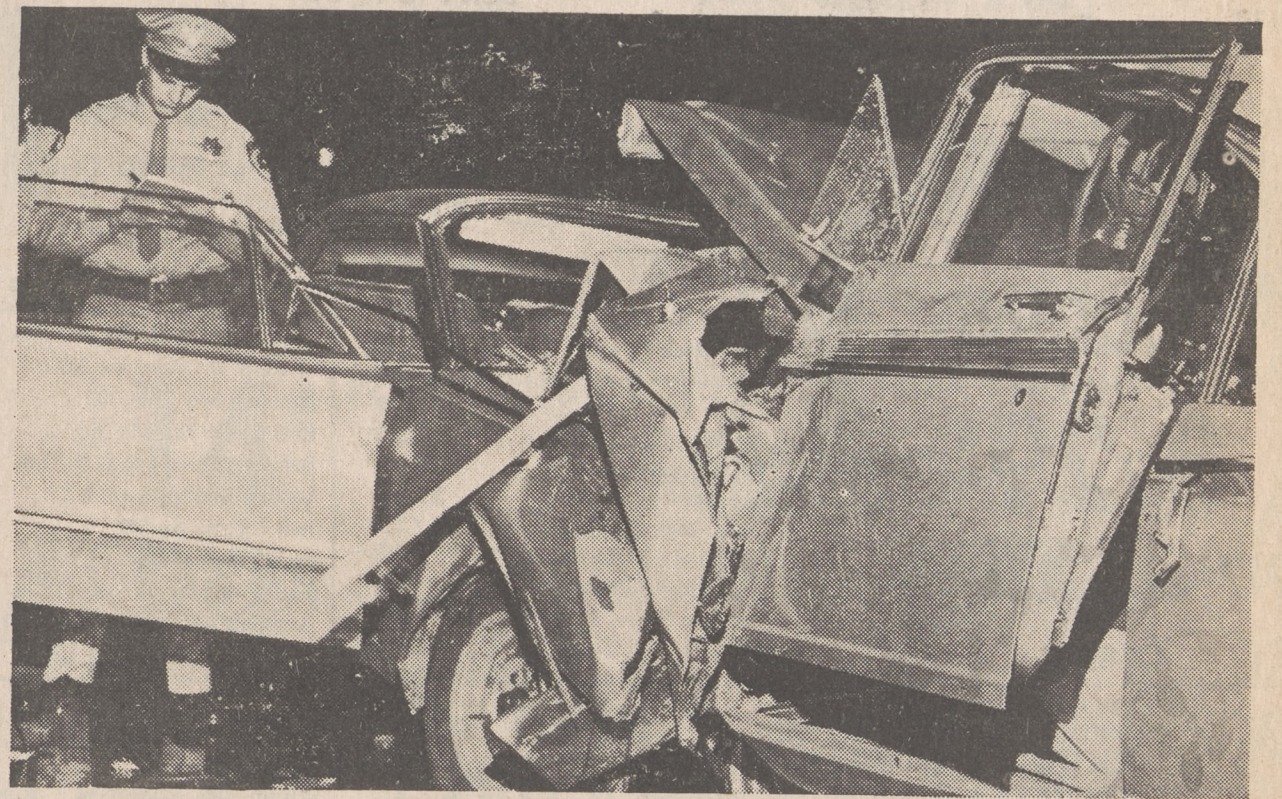

URGES YOU TO DRIVE SAFELY THIS HOLIDAY SEASON

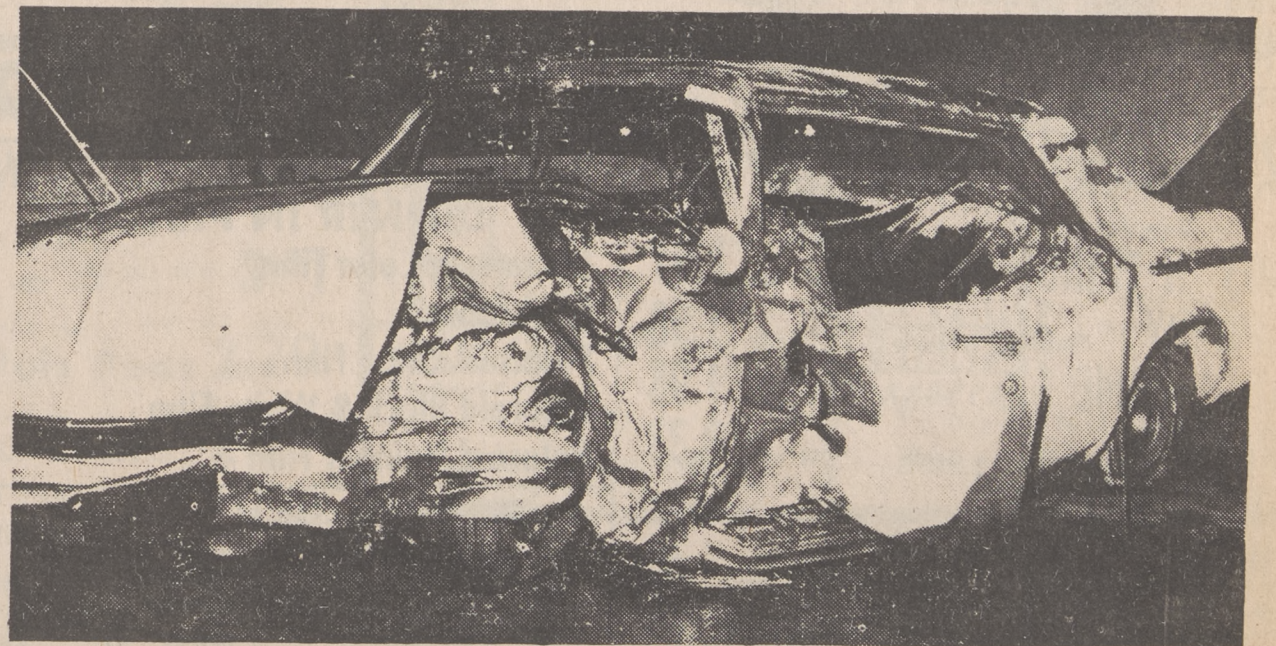

Don't let an accident mar your holidays! Drive with caution and courtesy. The California Highway Patrol will be out in force to help keep traffic moving without incident or accident. Help them help you. It may save your life and that of others . . . especially now when holiday traffic is thick with danger.

3 DEAD! Car ran off roadway, struck bridge abutment just north of San Rafael. During 1965, to date, 29 persons have been killed in traffic accidents in Marin—mostly due to negligence.

4 DEAD! In this head-on collision, one vehicle was on the wrong side of the roadway. A regard for traffic laws and the other fellow can prevent most accidents. Resolve to drive carefully.

5 DEAD! In this head-on smash-up, on San Rafael overpass, one vehicle crossed the divider on a curve. The economic loss of accidents like this in Marin runs to \$6,000,000 each year . . . much less the loss of life!

The California Highway Patrol and other law enforcement agencies can only help you if you help yourself. Don't challenge other cars—challenge yourself to be an expert, law-abiding driver!

Sunnyview Farms Fresh Turkeys Have More Flavor

Happy Thanksgiving to You and Your Family
Closed Thanksgiving Day

4 SALE DAYS
Nov. 24-27
4006 Highway 50
Crescent V Center
So. Lake Tahoe, Calif.

SOMETHING EVERY GOOD COOK SHOULD KNOW ABOUT OUR FRESH TURKEYS

This is a magnificent bird. It's a whole new breed, especially developed to give you less bone and more juicy white meat. The breasts are supersized. They're loaded with moist, tender white meat. The thighs and drumsticks are big and plumpy with lots of juicy dark meat. Sunnyview Farms Premium Turkeys are fed a special high protein ration that puts lots of buttery-smooth, tender meat on every bird.

Sunnyview Farms Turkeys are sold fresh — never frozen. Once a frozen turkey is thawed, it loses moisture. Lost moisture is lost juice and lost flavor. Sunnyview Farms Fresh Turkeys cost a few cents a pound more than frozen turkeys but the extra quality is well worth the extra cost. Serve one for Thanksgiving dinner. Once you taste a Sunnyview Farms Fresh Turkey, you'll never settle for any other kind.

Community Greet Joyful Christmas

Throughout this community, the Christmas spirit finds expression, as once again, people are proving that this happiest of holidays is a time of tradition. A modern Christmas, just like a good old-fashioned Christmas, calls for gatherings of family and friends, with much merriment, fun and feasting. Gifts and Santa Claus express the mood of the season, especially for the

youngsters. Trees and other decorations, music and song, light and laughter set the scene. As a Christian holy day, celebrated in church services and private devotions, Christmas glows with the spirit of good will, and 'peace and good will to all mankind'.

All of these traditions of Christmas are wrapped up in one. The true spirit of Christmas is most happily

expressed in the exchange of greetings. 'Have a Merry Christmas.' That says it all—the heartfelt hope for good things for others, the good feeling that prevails, the happiness of the season rising above problems and crises, the wish to give and to share all the holiday joys and blessings.

As a special custom that symbolizes the spirit of Christmas, the exchange of greetings takes many forms.

'Merry Christmas' is said person-to-person with smiles of gladness, wherever friends and family meet.

'Merry Christmas' is the theme of today's edition of newspaper, in which businessmen of the community offer their

special greetings and good wishes, their words of appreciation to patrons and friends.

Page 3

Let me be one of the first to remind you that Christmas is only 22 shopping days away. To some this fact will be met with considerable distress, or possible outright outrage; however, the fact remains. Reaction may differ radically by religious background, general attitude, or age, but certainly age makes the most difference. Who has so short a memory they can't recall the excitement of Santa, Christmas trees and Christmas morning? Those closely associated with children at this time of year must be among the most fortunate. Also among the fortunate are those who ever lose sight, through all the hub-bub of the season, of the true meaning of the season, an expression of kindness, affection and understanding toward one

another. These attitudes should be with us year 'round, but sometimes it takes Christmas to give us that little reminder we need.

To make your Christmas shopping as enjoyable as possible, Park Lane Centre has planned a few audible and visual expressions of the season.

Santa Arrives Friday 11:00 A.M.
The day following Thanksgiving will mark the official opening of the Christmas Season at Park Lane. Of interest to the children will be Jolly Old St. Nick's ceremonial arrival at the center. Riding high atop Reno City Fire Department's antique fire truck will be Mr. Claus, accompanied by his U.S. Marine Corps Reserve color guard, and preceded through the City of Reno by motorcycle police escort. Upon arrival at Park Lane at 11:00 A.M., Mr. Claus will dismount from his unique transportation and be escorted by the Marine Corps to his temporary throne on the mall, where he will distribute candy canes to the youngsters as he hears their Christmas desires. As soon as the children present have had an opportunity to meet him, he will retire to his seasonal headquarters at both Sears, Roebuck and Weinstock's. Santa's arrival at Park Lane, though all fun and excitement to those children present, has a greater and more serious meaning as well. As in 1967, this activity is hopefully

serving to remind the public of those children in homes less fortunate, who by your generosity will have a toy for Christmas.

The U.S. Marine Corps Reserve "Toys for Tots" campaign, which is nationwide and several decades old, is the serious and most important part of the total activity. This event is only a part of the total Marine Reserve's program to collect new or usable toys throughout the area. These toys will then be distributed to needy children in the Reno, Sparks area so their Christmas will be something more than just a story in a book.

There will be two large pink boxes for toy deposit on the mall at Park Lane through the Christmas season. The Marine Corps will make regular pick-ups and see that your donated toys will bring a smile to some youngster's face. Why not bring your children to see Santa and bring a usable toy with you. We're sure you'll be glad you did!

Fantasy of Christmas Lights

If you saw last year's Christmas trip at Park Lane, we're sure you will recall the thousands of tiny white and colored lights covering all the natural trees and shrubs on the malls. Many people expressed their enjoyment of the tasteful and exciting way it was done.

We feel that those impressed by last year's trim will find this year's even more exciting. So much so that we are attempting to

mechanically and electrically arrange a formal light-up at 7:00 P.M. Friday, November 29th. Regardless of mechanical or electrical problems, the mall will be aglow with Christmas lights that night, even if total light-up at one time cannot be accomplished.

Visitors to Park Lane Friday night and through the season can expect to see the thousands of tiny lights in the trees and shrubs again, in addition to 36 five foot and 40 inch lighted snowflakes suspended from the roof inside the mall, as well as pine bow garland with poinsettias and ornaments attached, draping the three large shade structures in the mall. Also hanging from the center of the middle and northern shade structures will be a large ornament with a lighted and decorated Christmas tree inside it. Crowning of the entire trim will be a large traditional Christmas tree decorated with lights and ornaments. You photographers should be able to get some interesting night color shots, so don't forget your cameras.

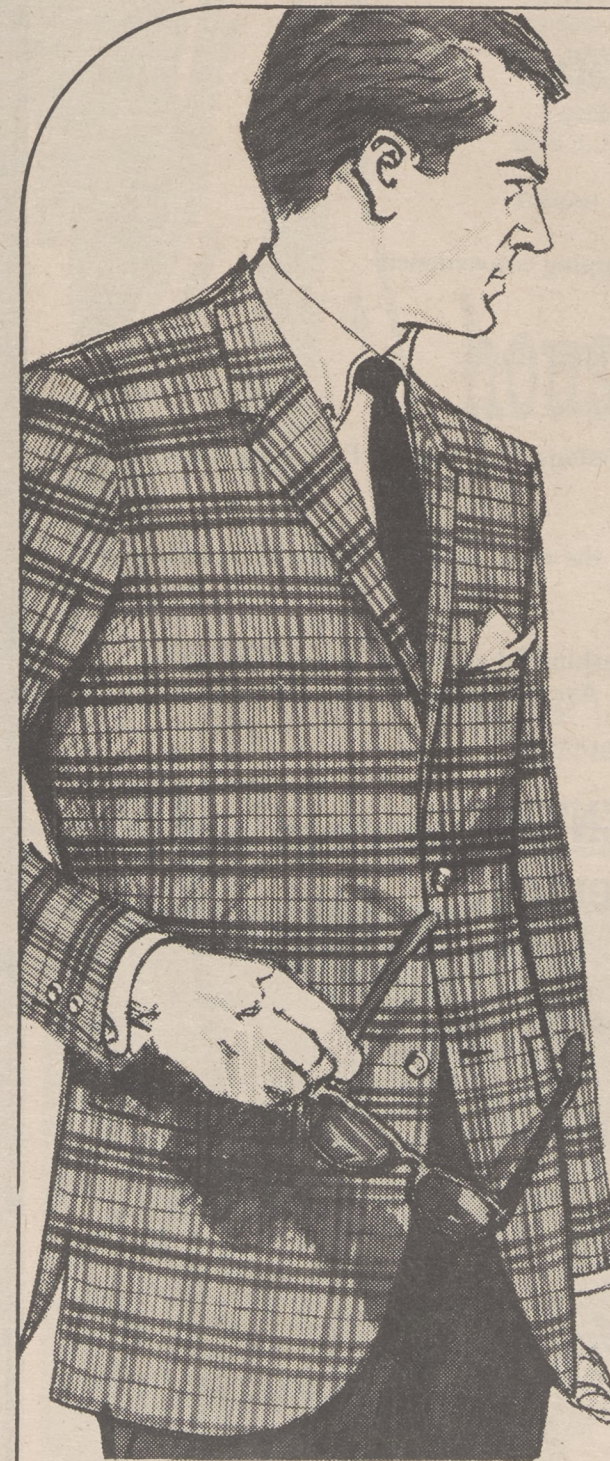

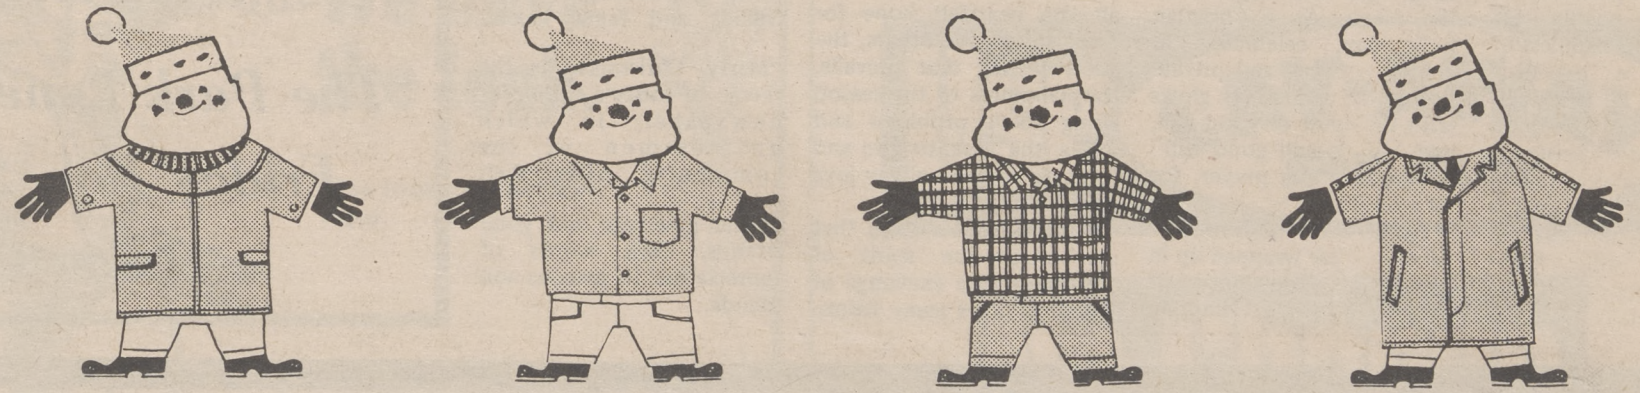

Caroling on the Mall
Again this year we have invited schools, churches, clubs, or anyone who would like to participate in old-fashioned caroling on the mall during the Christmas season, to call the Park Lane office (786-5044) and schedule a time. We have suggested the groups sing for about an hour, roaming from place to place along the mall, between the

evening hours of 7:00 P.M. to 9:00 P.M. We feel this program not only gives an audience to those wanting to sing, but also entertains the public and, most important, causes the public to stop for a minute and reflect on the meaning of the season. Many groups have already scheduled their times for singing; however, there are still times available. Those interested in listening, drop by the center any evening, starting on or before the 16th of December.
Last year's singing groups included: Sparks Methodist

Epworth Choir; The First Christian Church of Reno; St. John Presbyterian Church Chorus; Reno Civic Chorus; The First Baptist Church of Reno; St. Luke's Lutheran Church Chorus; Troop 78, Cadet Girl Scouts of Sparks; The Community Baptist Church Chorus; Sparks High School Chorus; Federated Church Youth Choir; Faith Lutheran Chorus; Troop 191, Sparks Girl Scouts; and The Assembly of God Church Youth Choir. We hope to have these, and more, participating in this year's program.

Churches Celebrate Holy Day

With special services, churches of this community celebrate Christmas - a holiday that is, first of all, a holy day. Festivals of light, music and prayer are dedicated to the birth of a Holy Child in Bethlehem, nearly two thousand years ago. For Christian believers, each of these-light, music, prayer-has a special meaning associated with Christmas. And lo, the star, which they saw in the east, went before them, till it came and stood over where the young child was. When they saw the star, they rejoiced with exceeding great joy." brought "glad tidings of great joy" to shepherds watching in the fields, hymns and carols of rejoicing have told of the wonder and glory of Christmas. That the words of the angels composed the first of all Christmas carols is a thought repeated again and again in favorite songs of the season.

Matthew 2:9-10. The Star that guided the Wise Men shines as symbol of Christ, the Light of the world, and it in turn is symbolized by all the bright lights that twinkle at Christmas today. Candlelight services reflect the radiance of the holiday, in Christian observances everywhere.

"And suddenly there was with the angel a multitude of the heavenly host praising God, and saying, Glory to God in the highest, and on earth peace, good will toward men." Luke 2:13-14. Since the angelic chorus brought "glad tidings of great joy" to shepherds watching in the fields, hymns and carols of rejoicing have told of the wonder and glory of Christmas. That the words of the angels composed the first of all Christmas carols is a thought repeated again and again in favorite songs of the season.

"Hark! the Herald Angels Sing" makes this thought its theme, and another familiar carol, "It Came upon the Midnight Clear," is devoted to "that glorious song of old," on the night when "the world is solemn stillness lay to hear the angels sing."

Art, Too, Shows 'Illumination' To Light Up Christmas Scene

by ANNA MANG

Illumination. The very word seems to belong to Christmas, the season of light. Like the star that guided the wise men, Christmas illuminates the spirit of man.

In an artistic sense, illumination has another meaning that is also linked to Christmas: The decoration of books and manuscripts with colorful illustrations, initial letters and borders, "lit" by gold or, occasionally, silver.

Like all the arts, the ancient art of illumination was often employed by man in his efforts to capture some portion of the wonder of Christmas, to retell and to picture the story of the Nativity and related events.

"The Annunciation," "The Nativity," "The Adoration of the Magi," "The Flight into Egypt" - these and other scenes from the well-loved Christmas story appear again and again in the hand-lettered, individually-illustrated books known as illuminated manuscripts.

When It Began

In the early Christian era, illuminated manuscripts were generally the products of monasteries and cathedral schools. The first examples of illumination appeared, however, centuries before the birth of Christ.

The Egyptian "Books of the Dead" manuscripts intended for tomb burial to serve as guides for the deceased in the afterworld, offer examples of gold-leaf vignettes dating back to 1350 B.C.

These "books," written on papyrus scrolls, envisioned afterlife as a continuation of life on earth. People and animals were pictured, along with decorative lettering showing swirls of gold and sometimes silver.

To Spread Learning

The coming of Christianity brought a continuing concern with religious subjects as the text for illuminated manuscripts. Monasteries of Egypt and Syria were early dedicated to the creation of art, the development of the craftsmen worked devotedly to preserve sacred texts through their hand-copied, hand-illustrated,

elaborately-bound vellum manuscripts.

From time to time, secular texts - scientific treatises, for example - were also copied and illustrated.

How It Grew

Just as the celebration of Christmas gathered together many customs and rituals of earlier holidays, so too the monastery artists drew upon techniques evolved by pre-Christian craftsmen.

Influence of classic Greek and Roman style is evident in the early illuminated manuscripts of the Christian era. This gradually gave way to the decorative, abstract Byzantine style.

With the approach of the Renaissance, more natural, realistic techniques came into use, in illumination as in other forms of art.

Treasured Today

In the preparation of illuminated manuscripts, a

master artist often set the style for copiers and assistants to follow, since even the decoration of an initial letter could be a major project.

A single letter might occupy an entire page, and a complete scene or miniature painting might be contained within the boundaries of, for instance, an initial "C" or "D".

Some manuscripts, in fact, represent the work not only of more than one artist but of more than one generation of artists.

Today, illuminated manuscripts are treasures of libraries and museums, and rightly so, for throughout a thousand years of Christian history, the art of illumination brought an extra dimension of beauty to manuscripts that are, in themselves, precious works of art.

Flowers Speak Language

In Modern or Victorian Era Like holly, ivy and mistletoe, flowers share in the legend and lore of Christmas. In terms of the Victorian era, the floral legend is an especially meaningful one.

A Victorian lady who received a bouquet from her admirer could either smell it or read it as if it were a letter. Often, it was a letter.

Young engaged couples, strictly chaperoned, found a way to communicate words of affection via flowers. Each flower had a special meaning.

Flowers in sequence could be used to spell out a fervent pledge of love. To help in composing - and translating - these messages, there were numerous tiny dictionaries listing flowers and their meanings.

The flowering honeysuckle, for instance, spoke of "bonds of love." A red rosebud told a lady that she was "pure and lovely." Red double pink meant "woman's love." And heliotrope carried a bold message, "I love you."

This Victorian language of flowers greatly influenced the design of Christmas cards of the time - witness the card illustrated here, from the Norcross Historical Collection

of antique cards.

The lush summer blooms are typical of the Victorian admiration of flowers, regardless of the season. Though sentiments may be expressed differently, flowers still bloom on modern Christmas cards. A current card offers one example. Poinsettias flower on a background of mistletoe, and the message reads, "Just for you, honey, all my love at Christmas."

Singing Carols

With voices lifted in harmony for "Silent Night," "The First Noel" and other beloved songs, today's carolers carry on a Christmas custom that originated centuries ago.

In the fourth century A.D. St. Basil was praised with a musical poem in honor of the fight for Christianity over the Byzantine emperor Julian. Later in Greece, legends of St. Basil were set to music and sung at Christmas and the New Year.

St. Francis of Assisi led the villagers of Greccio in singing hymns of praise to the Christ Child when in the 13th century he created a manger scene in this Italian town.

Symbols Of Christmas Around The World

Candles and carols, trees and treats, gifts and greens--and Santa Clause, of course. Wherever Christmas is celebrated, these symbols seem to appear.

In the modern era of rapid communication, there is a growing uniformity in the ways that people everywhere choose to mark the holiday.

Yesteryear's customs, however, still have their place in modern celebrations. It's a case of "the more things change, the more they stay the same," as countries, communities and individuals seek to cherish and preserve their own special holiday traditions.

Some of these traditions, as treasured in memory or kept alive in holiday ritual, are compiled in the following paragraphs, according to information for the editors of Encyclopedia International.

Mysterious things happen on Christmas Eve, say country legends of Switzerland. Young people may foretell the future, if they drink from nine different fountains while the midnight church bells chime. Then, if they hasten to the church steps, their future mates will await

them there.

Somewhat less romantically, older folk seek to predict the weather for the coming year, using onion peels filled with salt.

Traditionally, Belgians celebrate these holidays at the Christmas season--beginning with St. Nicholas Day, December 6th, when the good saint brings gifts for children.

Then comes St. Thomas day, December 21st. It's a sort of "trick or treat" day for school children, who try to play tricks on their teachers.

The third holiday, of course, is Christmas.

Wrapping Gifts
When German tradition is followed, unwrapping a Christmas gift can be an amusing but complicated process.

One gift may have many consecutive wrappings, each with a different name on it, and the final wrapping may reveal not a gift, but a card telling where the gift is hidden.

Other cards in other hiding places lead to a treasure hunt, ending in the discovery of the gift.

The Christmas crib or presepio is an especially treasured part of the

Portuguese holiday celebration. Every home and church seems to have one, and some of those in the churches are masterpieces of art.

Especially famous is the presepio in Estrella Church, Lisbon. This Nativity scene depicts the people of Bethlehem, in terra cotta figures. Unique among the crowd are the figures of an elephant and a bagpiper.

If the weather on St. Nicholas Day, December 6th, is misty, a Dutch legend can explain it. St. Nicholas is baking his cakes.

Traditional cakes--Zelten or klosse--are adorned with different figures. These, children are told, are the marks made by St. Nicholas, donkey as he steps over the cake on his way through the mist.

St. Knut's Day, January 13th, is the traditional time for taking down Christmas greens in Sweden. According to custom, as the tree is dismantled, young folk dance while their elders sing, "Twentieth day Knut driveth Yule out."

This custom is believed to be derived from the laws of King Canute, written in the early 11th century.

How Many Wise Men?

In New Testament stories varying numbers of wise men, present at the manger along with the Nativity, only St. Twelve was the number with the shepherds, who Matthew tells of "wise men traditional in the Eastern hastened to Bethlehem on the from the east" - and how church, while in the West, night Christ was born. Some many wise men followed the mosaics and painting showed historians, however, believe star to the manger is not sometimes two, sometimes that the visit of the Magi stated. The tradition that three, four or more wise men, didn't take place until much there were probably comes During the sixth century, later - perhaps a year or even from St. Matthew's idea that they were three two years after the birth of gold, frankincense and myrrh. accepted. In legends, the wise

Another explanation for men were given names: the number three is the Melchior, Gaspar, Baltasar. legend that the wise men Although St. Mathew did symbolized all humanity, in not use the name 'Magi,' he turn represented by the races implied it when he wrote of of Shem, Ham and Japhet, "wise men," for "magi" was according to the editors of commonly used in Palestine The New Book of to mean "great, illustrious." Knowledge. Today, Nativity scenes Early traditions mention show three wise men or Magi

Ages: 8 to Adult
An hilarious action game for young and old. A great party game indoors or out. May
be played in stocking feet; participants wear belts with loops suspended. A loop color
is designated and players leave their bases in hopes of capturing the correct colored
loops suspended from the other players' belts, while twisting and dodging to avoid having
their loops captured by the other players. After rallying forth, players return to their
"safe" bases when they feel they have captured enough other loops. At the end of the
game, players score for captured loops and for any uncaptured loops left on their
belts.
CONTAINS: 6 plastic belts, 35 loop holders, 36 loops and 6 vinyl pad bases.
